SCHOOLS OUT: ENVIRONMENTAL PROGRAM GR. K-7

This is an eight-week program that will look at what we can do to help and understand our environment and our future through games, fun mini educational videos and creating up-cycled crafts for the participants to take home. We will provide a snack and fun outdoor activities. Come and join the fun! The Environmental Program is founded by The United Way and produced by The Family Education & Support Centre with partnerships with the Ridge Meadows Child Development Centre Society and Maple Ridge - Pitt Meadows School District (SD42).
