BRICKS4KIDZ (GR. K-7)

Explore sports ranging from gymnastics to basketball, mini-golf to soccer. This unit is a great way to get "sporty" kids building and get LEGO fans interested in sports! But the best part for the students is the way the models move and the fun they have playing with them after they are built – hitting a plastic golf ball with a mini-golf model, watching the gymnast swing around the bar, getting the balls into the hoops, scoring at hockey and soccer!
