Maple Ridge - Pitt Meadows

# HIRE TO RETIRE, & BEYOND...

## School District No. 42 career milestone recognition program

The Human Resources Department is proud to present this exciting initiative. In response to employee feedback from the **Have Your Say!** employee satisfaction and engagement survey, the District is pleased to announce a series of special **milestone** celebrations acknowledging our employees' dedication to education. In School District No. 42, it all begins with a comprehensive orientation that will lay the foundation for a lasting and rewarding relationship that takes you right through the years to retirement and beyond.

**1** year

It's only one year but it means a lot. We'll acknowledge this important first milestone with personalized correspondence and a special SD42 pin, along with an opportunity for feedback on the first year experience.

**10** years

Employees who have reached the ten-year milestone will be acknowledged in a special fall celebration hosted by the Director of Instruction for each zone.

**20** years

The 20-year milestone will be celebrated with an evening of live entertainment hosted by the District.

**25** years

The ever popular 25 year dinner continues. This year's honourees can look forward to a memorable recognition dinner prepared by one of our secondary school chefs and culinary students, entertainment, video testimonials from colleagues and award presentations.

**35** years

Those marking this milestone will celebrate in a very personal way with an evening out for dinner with the Superintendent and Chair of the Board.

**Retirement  
&  
Beyond**

This great tradition continues featuring afternoon tea, a souvenir retirement book with write ups on all retirees, and a gift. And of course, what makes this event extra special is the open invitation to all district alumni to share in this celebration year after year.
