Passport to Trades Program – PTT Alouette River Campus

The PTT program is open to students going into Grade 9 and will be offered at the Alouette River Campus on a fulltime basis.

Passport to Trades Program – PTT Alouette River Campus

The PTT program is open to students going into Grade 9 and will be offered at the Alouette River Campus on a fulltime basis. Upon successful completion students will be given priority placement in our Integrated Trades program or students can return to their home school. The PTT program is designed to allow participants extensive exposure to the trades with lots of hands-on learning and a variety of career related field trips. The program will assist students with access to the available trades and technical training programs available in the district as well as preparing them to be successful in the program they select in the future. All of the core curriculum and selected trades areas will be taught with the learning outcomes met in an integrated format. Students will need to be academically capable and must commit to good attendance, exhibit a good work ethic and display a positive attitude.

This highly practical and relevant training program will prepare students to successfully enter and complete trades/technical training or seek apprenticeship opportunities in the future.

Students gain hands-on experience in approximately nine (carpentry, joinery, electrical, plumbing, power mechanics, welding, metal fabrication, dry-walling, painting, cooking and tile setting) different trades as well as their core academics. The program will include program shadowing in a variety of trade programs and five career related field-trips. Students will have an opportunity to achieve competencies and given a “passport” stamps in the following:

Passport book will include the following:

- WCB CPR training
- Workplace Hazardous Material Information System (WHMIS)
- Power washing (safety and procedures)
- Ladder (safety and procedures)
- Food safe level one
- Painting (basic)
- Basic drywall applications
- Oxy/acetylene cutting (safety and procedures)
- Mig welding (basic)
- Chainsaw (safety and procedures)
- Portable power tool endorsement
- Stationary power equipment endorsement
- Bicycle tune-up (basics)
- Dry walling (basics)
- Tile setting (basics)

Each student will spend two days doing program shadowing in three selected trades partnership programs.

Core academics:

English 9

Math 9

Science 9

Socials 9
