

Glenwood Elementary

UNITED WAY SCHOOLS OUT ENVIRONMENTAL PROGRAM (GR. K-7)

This eight-week program is designed to give students a better understanding of the environment and what they can do to protect it.

Students will learn more about the environment by participating in games, watching fun mini educational videos and creating up-cycled crafts that they can take home.

We will provide a snack and fun outdoor activities. Come and join the fun!

The Environmental Program is founded

by The United Way and produced by The Family Education & Support Centre in partnership with the Maple Ridge - Pitt Meadows School District No. 42.

Tuesdays, 2:20 - 4:00 pm

March 31 - May 26, 2020 (no class May 19)

Glenwood Elementary
