Dear President French,

#### **Subject: Declaration of National Opiate Death Crisis**

At the October 23, 2021, meeting of the British Columbia School Trustees Association's Provincial Council, representing all 60 boards of education in our province, our members passed the following motion:

"That BCSTA request that the Canadian School Board Association urge the Government of Canada to:

- 1. a) declare the toxic drug supply crisis a national public health emergency,
- 2. b) immediately seek input from the people most affected by this crisis and meet with provinces and territories to develop a comprehensive, Pan-Canadian overdose action plan,

and advocate for expanded provincial, cross-ministry supports for our students around substance abuse."

While often overshadowed by the county's response to the COVID-19 pandemic, the toxic drug supply crisis remains a significant public health concern. Conversations on substance use education, prevention and intervention are common concerns for students, families and staff in our province's schools.

In B.C., deaths associated with the crisis have surpassed previous levels, a statistic that sadly includes school-aged children within it. Reports have also indicated that just over five overdose deaths occurred daily in B.C. earlier this year. The impacts run deep within our communities, and we continue to witness the situation worsen daily. Students, families, communities and schools are deeply affected by these concerns, and it is paramount that steps be taken in response to a problem that is mirrored across the county.

It is crucial that we begin taking the steps needed to address this growing issue, with the first being that the federal government declare the toxic drug supply crisis a national public health emergency. It is also paramount that input from the people most affected by this crisis is considered. Meeting with all our nation's provinces and territories to develop a comprehensive national overdose action plan must be viewed as an essential step on the path forward.

As part of this initial step, we call on you to open communication channels with the federal government on this issue to begin building cross-ministry and cross-government networks. These collaborative arrangements must be focused on reducing barriers and sharing resources. Cooperation at the local, provincial and federal levels is a critical component of responding to what has become a national matter.

Thank you for supporting the needs of boards of education across Canada in their work of promoting student success. Protecting the wellbeing of our students is a focal point for boards of education, and we look forward to being a part of the solution to this problem.

Sincerely,

Stephanie Higginson

Re: Foundation Skills Assessment

Dear Minister Whiteside:

The education of First Nations children is a high priority among BC First Nations. With that in mind, we write to express our serious concerns regarding the ongoing targeted attack campaign, in particular by the BC Teachers' Federation, to have the Foundation Skills Assessment (FSA) cancelled in BC public schools. The First Nations Leadership Council strongly disagrees with and is alarmed by actions that erode public confidence in province-wide assessments necessary for addressing inequities within K-12 education. Cancelling the FSAs would be contrary to the clearly expressed views of First Nations leadership and to the legal commitments of the Province in BCTEA.

As you know, FSA outcomes were identified as a key measure of progress in the *Transformative Change Accord* (2005-2015) between the Government of British Columbia, the Government of Canada, and the First Nations Leadership Council.

The sharing of FSA data is also an existing commitment in the *BC Tripartite Education Agreement* (2018-2023) signed by the BC Ministry of Education, Indigenous Services Canada, and the First Nations Education Steering Committee (FNESC). Specifically, the Province commits in Schedule I of BCTEA to provide aggregate data to FNESC including the "percentage of students who are meeting or exceeding expectations for reading, writing and numeracy in grades 4 and 7 in the Foundation Skills Assessment" as well as "participation rates for the Foundational Skills Assessment." BCTEA also includes a commitment for the Ministry to release the annual *How Are We Doing?* report, of which the FSAs are an integral component, and to consult with FNESC regarding "any proposed changes to the structure" of the report.

These commitments are based on the recognition that literacy and numeracy results are important indicators of the educational success of First Nation learners, and are informed by legal commitments and obligations to meet the objectives of the *United Nations Declaration on the Rights of Indigenous Peoples* required under the *Declaration on the Rights of Indigenous Peoples Act*.

According to the Auditor General of British Columbia's *Audit of the Education of Aboriginal Students in the BC Public School System* (2015), the Ministry of Education "has identified Aboriginal student participation in the FSA as a strong predictor of graduation." The BC Office of the Human Rights Commissioner's *Disaggregated Demographic Data Collection in British Columbia: The Grandmother Perspective* further clarifies that "The collection of disaggregated data is a human rights issue and can be used as a powerful tool in advancing human rights." Eliminating this process and access to this data would undermine our collective ability to meet the needs of First Nation students in the provincial school system and runs counter to the Province's commitment to introduce anti-racism data legislation in the spring as a key tool to understand the impacts of systemic racism across all sectors of society.

Importantly, the Truth and Reconciliation Commission of Canada, which examined the "education policy" and legacy of the Indian residential school program, identified the gap in educational outcomes between First Nation and non-First Nation students as a "persisting legacy of colonialism." Recent provincial data demonstrates that these disparities, and the systemic racism underpinning them, continue in BC public schools.

In the 2019-20 school year only 27% of Grade 7 Indigenous students living on reserve were on track or extending numeracy expectations, compared to 67% of their non-Indigenous peers. The FSAs confirm the persisting legacy of colonialism and that our students are still not receiving education that meets their needs to result in improved outcomes. As noted by the Auditor General in their 2015 report, gaps in educational outcomes do not imply "any failure by Aboriginal students, but rather, a failure of the education system to meet their needs." We still have much collective work to do.

Given this important context, the First Nations Leadership Council is deeply disturbed by the continued anti-FSA campaign, including the "call" for parents to withdraw their children from the assessments, as this undermines the quality and reliability of information that is intended to inform system-wide interventions to support the needs of populations underserved and marginalized by public education systems. Further, this public "call" may produce divisions between families who rely on the FSA data to advocate educational equity for their children, and those who do not.

The First Nations Leadership Council calls on you to uphold the Province's legal commitments to First Nations and ensure the continued administration of FSAs. These assessments and data are needed at least until such a time that there is a parity of learning outcomes between First Nation and non-First Nation learners. Any willful misuse of FSA results for the purposes of unscientific school "rankings," or misrepresentations of impacts on First Nation students that are contrary to the messaging by First Nations and our advocacy organizations, cannot distract us from our collective focus and commitment to improving the education outcomes of our children and youth.

It is our full expectation that the Province will honour its obligation to First Nations and exercise its discretion to continue the administration of the FSAs. The First Nations Leadership Council seeks an opportunity to discuss this important matter with you as soon as possible.

We look forward to your timely response.

Sincerely,

The Honourable Jennifer Whiteside Minister of Education PO Box 9045, STN PROV GOVT Victoria, B.C. V8W 9E2

#### Dear Minister Whiteside:

The Board recognizes that the Education system in British Columbia plays a large part in providing direction to communities and that we must take a prominent role in the truth and reconciliation process. We also recognize that there is a shared responsibility and cogovernance role between the Board and the Ministry of Education to ensure diversity, equity, justice and inclusion are principles which guide our work.

Toward that end, we request immediate action by the Ministry of Education on the nine Government recommendations included in the Special Advisors Report dated June 24, 2021 as follows:

- Development of a policy framework that requires all school boards to create mechanisms that give First Peoples voice and authentic engagement in decision making processes for Indigenous learners, i.e. Indigenous Trustees.
- Development of an implementation plan for enacting the principles of DRIPA in school districts, co-developed with First Peoples and other educational stakeholders.
- Authorization of an "In Plain Sight" report on education, led by an external advisor that acknowledges the nature of systemic racism and considers solutions and ways forward.
- Consideration of ways in which districts can be required to report on their progress in implementing DRIPA as a part of annual reporting.
- Consideration of convening a meeting with educational stakeholders and rightsholders focused on best practices in communication and relationship building with First Peoples.
- Creation of a senior mentor 'team' that can be mobilized across BC to assist and advise around best practices in team building, professional learning, Indigenous education, equity scanning, relationship building etc.
- Working with Boards to ensure that reporting on graduation rates more clearly identify 5 and 6 year completion rates in all categories (Dogwood, Adult Dogwood and Evergreen).
- Maximization and effective use of existing tools to ensure ongoing and regular tracking of Indigenous students throughout the year.
- Piloting the Ministry of Education new Reconciliation Training program in SD 57.

Additionally, we strongly urge the Ministry of Education to consider our support for the applications submitted by Lheidli T'enneh First Nation and McLeod Lake Indian Band under the Trustee variance process.

Sincerely,

Honourable Jennifer Whiteside Minister of Education PO Box 9045, Station Provincial Government Victoria, British Columbia V8W 9E2 Via email Minister.educ@gov.bc.ca

Dear Minister Whiteside,

At its November 16, 2021, Regular Public Board meeting, the Mission Public Schools Board of Education passed the following motion:

THAT the Board of Education send correspondence to Minister Whiteside requesting that going forward, the Ministry of Education fund school bus replacements at the full cost of electric school buses.

While the Board appreciates the incentive and grant funding provided in the 2021/2022 Capital Plan Bylaw, there is no indication that this funding will be provided going forward. Mission Public Schools is considering that all future bus fleet replacements will be electric vehicles. However, without the guaranteed funding or incentives for electric buses, the Board must determine where and how to allocate the additional funding.

In its Strategic Plan, the Mission Public Schools Board of Education cites the goal of "Advancing and embracing environmental stewardship and sustainability." Replacing diesel or gas buses with electric buses aligns with this goal.

Further, the Board considers this action to align with the Province's Clean BC goals and the Carbon Neutral Capital Program (CNCP)

As such, the Board respectfully requests that all future bus replacement costs are consistent with the purchase price of electric buses. seeter.

#### **BACKGROUND/RATIONALE:**

On June 16, 2021, the Board of Education approved the 2021/22 preliminary budget for the operating, special purpose, and capital funds. On September 22, 2021, the Board of Education approved amended operating and special purpose fund budget changes as well as the appropriation of operating surplus at June 30, 2021 for inclusion in the 2021/22 amended budget bylaw.

The attached financial statements present the operating, special purpose funds and capital fund projected financial results for the year ended June 30, 2022 compared to the 2021/22 preliminary budget amended to reflect budget changes approved by the Board up to September 22, 2021 (Attachment A). The format of the reports reflects the annual financial statements presentation, specifically Schedules 2A and B, Schedule 3A and Schedule 4.

#### **OPERATING FUND**

#### Revenue - \$2.55 M increase

#### Ministry of Education Grants - \$1.80 M increase

The operating grant from the Ministry of Education is estimated to be \$1.80 M higher than budgeted due to changes in enrolment reported at September 30, 2021 as outlined in the table on the following page.

#### **Tuition Revenue - \$0.71 M increase**

International tuition revenue is estimated to be \$0.71 M more than budgeted as actual enrolment is 50 FTE higher than estimated in the preliminary budget. The travel restrictions imposed by the Canadian government for international students have been changed and new international students are now able to obtain study permits and travel to Canada. This policy change may result in continued increased international student enrolment later this year and improved revenue estimates.

#### Operating Fund Expenses - \$2.55 M increase

#### Salaries and Benefits - \$2.61 M increase

Teacher salaries are estimated to be \$1.20 M higher than budgeted due to the addition of 10.42 FTE teachers to support increased student enrolment (\$0.90 M) and the increase to the average teacher salary (\$0.30 M).

Education assistant salaries are estimated to be \$0.81 M higher than budget due to the addition of 22.57 FTE Education Assistants to support the increased students with special needs enrolment.

The increase in staffing is estimated to result in increased substitute costs of \$0.09 M and benefit costs of \$0.50 M.

#### **Services and Supplies - \$0.02 M increase**

Enrolment driven supply costs are estimated to be \$0.02 M higher than budget due to increased student enrolment.

#### **Operating Contingency Reserve - \$0.08 M decrease**

It is projected that \$0.08 M of the current operating fund contingency reserve will have to be utilized to support additional Education Assistant staffing, leaving a balance in the operating fund contingency reserve of \$0.53 M.

#### **SPECIAL PURPOSE FUNDS**

Special Purpose Funds include funds received from the Ministry of Education or other sources that have been designated for specific purposes. Major Special Purpose Funds include the Classroom Enhancement Funds, School Generated Funds, Annual Facilities Grant, Youth Education Support Fund, Community Link and the new Mental Health in Schools and Restart Funding Grant.

Changes to the Mental Health in Schools and Restart special purpose funds approved by the board on September 22, 2021 have been included in the attached financial statements.

During the first quarter of 2021/22, \$2.54 M in special purpose contributions was received and \$2.13 M was spent. As at September 30, 2021, \$1.97 M remains available for future expenditures. It is projected that at June 30, 2022 a total of \$18.13 M in expenses and \$0.32 M in capital asset purchases will be reported as per the 2021/22 annual budget bylaw.

#### Classroom Enhancement Fund

The school district has made a submission for additional Classroom Enhancement Funding to reflect the actual additional teacher staffing required to meet collective agreement ratios for non-enrolling teachers and best efforts for classroom teachers. All this staffing has already been allocated to schools and if funding is not provided by the Ministry of Education the shortfall will have to be addressed through staffing changes and use of contingency reserve funds. The total number of teachers required is 155.754 FTE (\$5.99 M).

A submission was made in November 2021 estimating remedy costs for the year at \$1.14 M.

#### **CAPITAL FUND**

The net value of capital assets (historical cost less accumulated amortization) is \$222.16 M as at September 30, 2021. Of this amount, \$41.55 M represents net investment in sites, \$168.04 M in buildings and \$12.57 M in furniture and equipment, vehicles and computer software and hardware. These net costs represent the historical cost net of accumulated amortization of all school district capital assets, they do not reflect current market value.

During 2021/22, grants from the Ministry of Education for Bylaw capital projects totaled \$0.94 M.

At September 30, 2021, \$2.79 M has been spent on capital building projects in progress as follows:

- Childcare capital projects (\$1.04 M)
- Annual Facility Grant funded projects (\$0.59 M)
- Maple Ridge Secondary Annex capital project fact sheet (\$0.18 M)
- Eric Langton Elementary project definition report (\$0.18 M)
- Pitt Meadows Secondary project definition report (\$0.18 M)
- New classrooms setup (\$0.17 M)
- Riverside Centre lighting upgrades (\$0.06 M)
- Garibaldi Secondary HVAC upgrades (\$0.36 M)
- Glenwood Elementary gender-neutral washrooms (\$0.03 M)

The Ministry of Education Restricted Capital Fund balance is \$1.80 M at September 30, 2021 and has not been identified for any specific projects.

Other Provincial Capital totals \$0.52 M at September 30, 2021 and represents Ministry of Children and Family Development funding for a new childcare facility in Pitt Meadows.

The Land Capital Restricted Fund (school site acquisition charges) received contributions in 2021/22 of \$0.22 M. The fund balance as at September 30, 2021 is \$1.58 M.

#### **Local Capital**

The Board's local capital fund is comprised of previous years' available operating surpluses, which are transferred to Local Capital with Board approval and proceeds from the disposal of land. Capital asset additions funded locally are reported in the local capital fund.

As at September 30, 2021, significant locally funded project balances include the information technology capital project (\$1.39 M), energy management plan projects (\$0.61 M), new schools (\$0.89 M), new classroom space (\$0.47 M), the Eric Langton elementary project definition report (\$0.18 M), the Pitt Meadows Secondary project definition report (\$0.18 M) and the Maple Ridge Secondary annex (\$0.29 M). The local capital fund also contains the capital portion of the contingency reserve.

The table below summarizes of the Board approved uses of contingency reserve for 2021/22, funds received and spending to date.

As reported with our 2020/21 financial statements, spending for the Eric Langton Elementary and Pitt Meadows Secondary project definition reports is underway and the funds spent by the school district will be reimbursed by the Ministry of Education once the capital projects are approved.

#### **Contingency Reserve**

The Board of Education is responsible for ensuring the district is protected financially from extraordinary circumstances that would negatively impact school district operations and the education of students. To discharge this responsibility, the board has established a contingency reserve from available operating surplus, which will be used to mitigate any negative impact such circumstances might cause.

Existing school district budgets are not sufficient to support the procurement or timely replacement of school district assets. The budget required to complete the building maintenance projects identified through facility condition assessments far exceeds the annual facilities grant and the capital funding for building enhancement projects received by School District No. 42. This means that the deferred maintenance for school district facilities continues to grow and the facility condition index for school district facilities continues to deteriorate.

Major equipment failures must be covered from the contingency reserve. These include, but are not limited to, the following: building envelope remediation, roof repairs or replacement, boiler replacements, server replacements, shop equipment replacements. In addition, the board is responsible for any cost overruns incurred on Ministry of Education funded capital projects and this is the only fund available to cover such costs.

By board policy a contingency reserve of at least 1% of operating expenditures and not exceeding 3% of operating expenditures shall be maintained (\$1.65 M to \$4.96 M). The current balance of \$2.77 M (\$2.24 M local capital and \$0.53 M operating) equates to 1.67% of operating expenditures.

#### **Risks to Projections**

#### Revenue

The provincial operating grant included in these estimates may not be the same as the operating grant distributed by the Ministry of Education for 2021/22. The main factors that create variances of provincial funding are actual funded enrolment as at February and May 2022, Classroom Enhancement Fund allocation, and other provincial funding announcements made during the remainder of 2021/22.

#### **Expense**

The salaries and benefits estimates are based on estimated average salaries for teachers, specific salaries for other employee groups, and known benefit rate changes. Variances in average teacher salaries will impact these estimates. Also, actual substitute costs may vary significantly from the costs estimated based on historical trends.

The utilities budgets have been reduced to reflect the estimated savings associated with the implementation of the Energy Management Plan. Changes in weather patterns, delays in the implementation of the Energy Management Plan, and unexpected utilities cost increases may result in increased utilities costs that would have to be funded from the contingency reserve.

These estimates assume that all costs related to the implementation of the restored MRTA collective agreement language will be fully funded by the Ministry of Education through the Classroom Enhancement Fund.

#### **Capital Projects**

Due to their magnitude, capital projects have the potential to significantly impact the financial position of the school district. There is no process to assess the risk of the entire capital program; individual project risk assessments must be done on a continuous basis. Project agreements with the Ministry of Education contain contingencies to mitigate financial risk. Smaller projects consider contingency requirements when building the overall project budget and are managed internally. Finally, the contingency reserve for local capital of \$2.24 M is available to mitigate risk for capital projects.

#### COVID-19

On March 17, 2020, in response to the COVID-19 pandemic and under the direction of the Provincial Health Officer, the provincial government directed all K-12 public and independent schools to immediately suspend in-class instruction. Effective September 2020, all students were encouraged to return to in-class learning.

The BC Centre for Disease Control released public health guidance for schools and school districts to prevent the transmission of COVID-19 and maintain a safe and healthy environment for students, families, and staff. Also, WorkSafeBC provided protocols to support safe workplace operations during the COVID-19 pandemic.

The school district implemented the health and safety measures required to ensure safe and healthy environment for students, families, and staff. New safety plans were developed and rolled out and staff have been trained on the new health and safety protocols. Costs related to COVID-19 will continue to be closely monitored and if the financial impact is greater than amounts already provided for to date, the contingency reserve will need to be used to address any funding shortfalls.

#### **RECOMMENDATION:**

THAT the Board approve the First Quarter Financial Update; AND FURTHER

THAT the Board allocate \$500,000 from the Local Capital - New Schools budget to create a Capital Plan support budget to be used to fund costs related to the preparation of reports requested by the Ministry of Education as part of the capital planning process, this fund shall be replenished when the Ministry of Education provides refunds to the school district for costs incurred.

Committee

Re: **POLICY UPDATE** Date: December 8, 2021

(Public Board Meeting)

**Decision** 

#### **BACKGROUND/RATIONALE:**

The Board Policy Development Committee (the "Committee") has followed the appropriate consultation requirements as outlined within Policy 2500 and is recommending that the Board approve Policy 4204: Accumulated Surplus (Attachment A).

No changes were suggested through the consultation process.

#### **RECOMMENDATION:**

THAT the Board approve Policy 4204: Accumulated Surplus.

Attachment

Learning Today, Leading Tomorrow

**SD 42 POLICY: 4204** 

#### **ACCUMULATED SURPLUS**

#### **Policy statement**

The School Act requires the boards of education (board) to prepare a balanced annual budget. Estimated spending in the annual budget must not exceed estimated revenue plus accumulated operating surplus (operating surplus). Operating surplus, with consistent rules and guidelines in place, enables the board to engage in long-term planning, mitigate financial risk and support consistent service to all students.

#### **Purpose**

The purpose of the Accumulated Surplus Policy is to ensure a clear, transparent understanding of the reasonable accumulation and planned use of operating surplus, contingency reserve and local capital surplus.

#### **Authority**

The Board authorizes the Secretary Treasurer to develop and implement all procedures required for the implementation and management of the Board's accumulated operating surplus policy.

#### **Appropriated Surplus**

A board achieves an operating surplus when its annual revenue exceeds annual expenses. An operating surplus means that the board has financial resources that can be used to operate schools for a period longer than one year. The ability to carry forward unspent funds enables the board to effectively plan for future years.

#### **Internally Restricted Operating Surplus**

The Board may set aside a portion of operating surplus for items that are linked to multi-year strategic objectives and future operational needs. Restrictions are made only for defined operational needs with defined timelines, including services or purchases that are directly related to a boards' strategic plan, operational needs and enhanced educational outcomes for students.

To increase transparency, every appropriation requires a board motion. Approval of appropriations related to confidential matters or land, legal or personnel matters shall be considered in a closed board meeting.

#### Contingency Reserve (Unrestricted Operating Surplus or Local Capital Surplus)

The Board of Education is responsible for ensuring the district is protected financially from extraordinary circumstances which would negatively impact school district operations and the education of students. To discharge this responsibility, the Board will establish a contingency reserve from available operating surplus which would be used to mitigate any negative impact such circumstances might cause.

The Board shall maintain a contingency reserve of at least 1% of operating expenditures and not exceeding 3% of operating expenditures.

#### **Use of Appropriated Surplus and Contingency Reserve**

The Board may approve the use of appropriated surplus or contingency reserve under the following circumstances:

- The elimination of any deficit arising at the end of a fiscal year of operations;
- The funding of new cost pressures in a fiscal year that were not known at the time of budget development;
- Extraordinary unknown utilities cost pressures;
- The payment of severances (wages and benefits) upon termination of employment;
- The settlement of any legal action that is not covered by insurance;
- Initial one-time cost outlays for new education programs;
- Coverage for disaster recovery expenditures;
- Extraordinary expenses incurred to ensure business continuity;
- Replacement of equipment essential to the continuation of safe operations of school district facilities;
- Coverage for unexpected additional major capital project costs not funded by the province;
- To assist in balancing future years budgets.

In recognizing that the use of the contingency reserve represents a one-time source of funding, the Board will incorporate into its future budget planning processes, strategies to re-establish the contingency reserve. Such strategies may be implemented over a period of two years.

#### **Inter-Fund Transfers**

Inter-Fund Transfers are funds transferred from one fund to another (e.g. between Operating Fund and Capital Fund). Inter-fund transfers require must be made through board motion. Approval of interfund transfers related to confidential matters or land, legal or personnel matters shall be considered in a closed board meeting.

TRANSPORTATION ADVISORY (Public Board Meeting)

Information

Date of meeting: November 24, 2021

#### **Delegations:**

Green Infrastructure Subcommittee (Rod Stott, Environmental Advisory Committee Staff Liaison) reviewed the Municipal Green Infrastructure Management Strategy. This will guide future decision making and municipal operations. Projects are set for short term 1-5 years, medium 6-15 years, and long term over 15 years. Current actions include: inventory and value of actual assets; engaging and building awareness; green development and neighborhoods; and establishing green scaping standards. Next steps include: identify high priority action items; identify and measure what we have and how it serves us; communication, education and enrollment; continue to work together with departments; learn from other regions.

ICBC (Kate Woochuck, ICBC Road Safety and Community Coordinator) reviewed the pedestrian safety campaign. Drivers need to look and be aware and pedestrians need to make sure they are seen by wearing bright clothing and making sure that drivers see them before they cross. Top factors of vehicle/pedestrian accidents are distraction (both driver and pedestrian), weather, and not yielding.

Strategic Transportation Plan Phase 3 Urban Systems. Review of the phase 3 plan and status – vision, goals, and plan development; review of maps and considerations. Survey is open and closes on December 8, 2021. Next report to council is January 2022. You can find the update and survey here: https://www.mapleridge.ca/2557/Strategic-Transportation-Plan.

#### Liaison reports:

- Staff busy time at City Hall, especially with the weather and flooding events earlier in November.
- Council building approvals review process report public; Economic Plan, PRC Plan, Glow starts on November 26, 2021.

#### **Recommendations to the Board:**

City of Maple Ridge staff will be reaching out to the school district to gather feedback for phase 3.

#### **Presentations:**

#### Alisa's Wish

Jennifer McKenna. Alisa's Wish Child & Youth Advocacy Centre helps children and youth in Maple Ridge-Pitt Meadows and Katzie First Nation who have experienced or witnessed physical, emotional or sexual abuse. Alisa's Wish Child and Youth Advocacy Centre is a community response that facilitates a compassionate, coordinated approach to the prevention, identification, prosecution, and treatment of abuse involving children and youth.

#### Restorative Justice "Bridging the Gap"

Ranjit Kingra and Salome Daudjee of the Restorative Justice Program facilitate a restorative approach in achieving justice by engaging those involved in harmful and/or criminal events, in dialogue about harm, reparation, accountability, and supports while addressing the needs of all parties. The "Bridging the Gap" project aims to reach youth and youth adults at a greater risk of being involved in the justice system and/or have challenges with mental health or substance use.

#### **Committee Updates:**

- YPT fundraising committee is looking for members to join.
- uPlan holiday light tour taking submissions to <a href="mailto:uplanrm@gmail.com">uplanrm@gmail.com</a> until December 3, 2021. Self-guided tour will be posted shortly after that.
