Select Standing Committee on Finance and Government Services Room 224, Parliament Buildings Victoria, B.C. V8V 1X4

RE: Budget 2016 Consultations

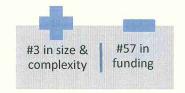

Dear Committee Members,

This letter is our formal written submission to the Select Standing Committee on Finance and Government Services by five key stakeholder groups within School District No. 43 - Coquitlam (SD43). We outline three serious concerns about the state of education funding in B.C. and specifically our district. We also offer three thoughtful recommendations.

CONCERNS

1. Underfunding

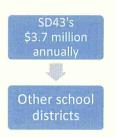

Fairness and equity in funding B.C.'s 60 school districts is imperative. SD43 is B.C's third largest school district (of 60) with one of the most diverse and complex demographic profiles and population growth projections significantly higher than 97% of all school districts. Yet we are in the bottom 2% of all school districts for funding on a per student basis. SD43 has a balanced budget, sound fiscal management practices, proactive

capital improvement plans, revenue generation successes, and some of B.C.'s highest student academic outcomes but we appear to be financially penalized for our efforts and successes compared to all other school districts.

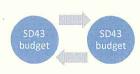

2. Funding Protection

The Funding Protection grant provided to other school districts currently costs SD43 \$3.7 million annually. As a well-managed district we are again penalized and receive \$0 in funding protection. If the grant was modified to a balanced and equitable distribution model it would allow SD43 to reinvest the \$3.7 million to further our education services. It would also assist in funding inflationary cost pressures which currently are not considered or funded. Government must ensure public education receives increased funding protection that is also fairly applied to all districts.

3. CommunityLINK Funding

CommunityLINK funding is important for supporting vulnerable students. However, the allocation method of redirecting existing money from within a school district budget to its own program budget along with inflexible spending control is ineffective. CommunityLINK needs to be fairly funded with increased new money and allowed to be managed by school districts.

550 Poirier Street, Coquitlam, BC, Canada V3J 6A7 • Phone: 604-939-9201 • Fax: 604-937-6758

RECOMMENDATIONS

- 1. **Update the Ministry of Education K-12 funding allocation system and funding formulae** including supplementary grants to attain equity across B.C.'s school districts, and more fairly allocate funding to larger school districts that have more complex challenges, diverse student populations, and higher costs of service delivery. **Fund SD43 at least at the average level of school district funding.** As one of the largest and fastest growing school districts with some of the most diverse and complex demographic profiles, SD43 is significantly underfunded to effectively deliver education services that are mandated by the Ministry of Education and needed and demanded by our communities.
- 2. Modify the Funding Protection supplementary grant to a balanced and equitable distribution model to allow all districts fair access to the funding. The current \$3.7 million shortfall SD43 annually faces would be directed into our own regional cost pressures which need funding protection including inflation and higher costs of service delivery.
- 3. Provide new and increased funding to support CommunityLINK programs and vulnerable students along with empowerment for school districts to decide how to allocate and spend it on local priorities that will best meet the specific and often unique needs of the communities we serve.

These reasonable, attainable and financially viable recommendations, if implemented, would provide SD43 with:

- Funding at a level that is at the average for all BC school districts versus near the lowest funding level.
- The ability to undertake additional capital projects to meet seismic requirements and enrolment growth.
- The ability to support new local, regional and provincial educational initiatives such as the new curriculum.
- The ability to support vulnerable students, mental illness and related social issues in schools.
- The ability to meet the significant projected student enrolment growth over the next 20 years.

A robust K-12 education system that is adequately and equitably funded across districts contributes to the personal, social and economic success of students, families, and the residents the school districts serve. In the case of SD43, as B.C's third largest school district, we serve three large urban centres and two suburban regions with a diverse population of almost 225,000, 70 schools, 35,000 students and 3,500 dedicated employees. The population is expected to grow by 140,000 by 2041 and this requires proactive planning and increased funding.

We understand the cost pressures that the B.C. Provincial Government faces. We also acknowledge the commitment by the B.C. Government for a \$564 million funding increase for K-12 education over the current three-year fiscal plan. However, it simply does not go far enough in addressing the serious overall funding shortfalls and inequity that some districts face, especially SD43. When compared to much smaller school districts, with fewer schools, lower enrolment, and fewer challenges such as significant population growth, diverse and complex demography, increasing mental illness and related social issues in our region and schools, SD43 is not adequately or equitably funded.

In closing, we note that the Select Standing Committee has acknowledged the cost pressures on school districts across B.C. and has recommended that the budget reflect increased funding for the public education system. We encourage the committee to also consider modifications to the funding allocation system and formulae to bring added fairness and equity to the system as well.

550 Poirier Street, Coquitlam, BC, Canada V3J 6A7 • Phone: 604-939-9201 • Fax: 604-937-6758

We look forward to these recommendations being implemented in the upcoming budget, and thank you in advance for your efforts to maximize the resources available for public education in B.C. and for SD43.

Judy Shirra

Subject: MyEducation BC system

Dear Mr. Murray:

Today, I am writing to directly acknowledge the concerns with the new MyEducation BC system, which supports the critical day-to-day operations of your Boards' schools.

To start, I would like to reinforce our belief in the Province's vision of a comprehensive student information system. This vision puts children first and aims at providing them with an enriched educational experience that will have lasting benefits into their adult lives. Our role in supporting the education of children in British Columbia, many of whom are children of our own employees, is truly a sacred responsibility – one that you have entrusted to Fujitsu. We take this responsibility very seriously and are fully committed to seeing the program succeed.

Recently, the incremental load on the system created by the addition of 236,213 students across 894 schools has caused performance issues. These, in turn, have caused inconvenience, frustration and lost time for many users. We deeply regret this and sincerely apologize.

Fujitsu and our application partner (Follett) are working diligently every day to optimize system performance for MyEducation BC. Although considerable progress has been made, we acknowledge that more effort on our part is required to meet the standards of our contractual commitments and also provide users with an exceptional experience. You have our sincere and unwavering commitment, from our project teams to the senior-most leaders at Fujitsu, to achieve a positive, expeditious outcome.

The Province of British Columbia is among Fujitsu's most valued and long-standing relationships. We are incredibly mindful of the important role we play in this program and will work tirelessly to address the challenges and strengthen your trust in Fujitsu.

We will not let you down.

Sincerely,

Alex Attal

Dear MLA Dalton,

As follow up to our meeting on October 22, 2015, I agreed to provide you with information to respond to the concerns raised by School District No. 42 (Maple Ridge-Pitt Meadows) Board of Education as their Chair, Mike Murray, had outlined in a June 16, 2015 letter. I am providing the information below according to the numbered points in their letter:

- 1. Acknowledgement from government that we are managing our resources very carefully and in a fiscally responsible manner.
 - Government has provided boards of education with significant autonomy and flexibility to make operational decisions at the local district level to best meet the needs of their students.
 - Government fully recognizes boards make difficult decisions to meet their obligations under the *School Act*, to deliver education services in the most effective and efficient manner possible with available funding.
 - The Ministry of Education and the education sector must work collaboratively and consciously within the framework set out by government's *Taxpayer Accountability Principles: Strengthening Public Sector Governance and Accountability.* In the past six months, we have made it a priority to engage our education partners to discuss school district financial information through presentations and workshops. Through these interactions, we are forging closer to a common understanding of how this information is expressed and interpreted according to well-established accounting standards and guidelines. Our goal is to continue this joint work in the coming months.

Facsimile: (250) 356-6007

- 2. Acknowledgement from government that the cuts we are making now (and have made in the past several years) will have a negative impact on student success in the long term.
 - It is important to recognize, education was one of the few areas that received additional funding in Budget 2015. Total funding to school districts will exceed \$5 billion for the 2015/16 school year—an increase of 31 percent since 2000/01, in a period when student enrollment declined by over 75,000. In this same timeframe, measures of student achievement have improved and our K–12 system continues to deliver some of the best educational outcomes in the world.
- 3. A commitment to encourage other ministries to step up to meet their obligations to the children and families of this province.
 - The Ministry works very closely with our partner ministries and community partners on all issues that affect British Columbia's students. Currently, the Ministries of Education, Health and Children and Family Development are working together to provide the best services related to mental health, transition plans for children in care, and students with special needs. In addition, through our ERASE Bullying strategy, we have trained over 10,000 teachers, administrators and community partners including police, probation and child protection workers to help them identify worrisome behaviours in our young people.
- 4. A commitment to fully fund additional costs over which boards of education have no control (like labour contract settlements and pension plan increases) and cover other inflationary costs.
 - Boards of education have submitted their plans for achieving their administrative savings targets established in Budget 2015 with a range of constructive responses that do not affect classroom instruction. We are confident school districts have the knowledge and expertise to make these local operational decisions.
 - Ministries and broader public sector organizations have been asked to find ways to manage effectively and efficiently with available funding allocations in this time of continued fiscal restraint, including managing the same inflationary challenges that boards of education have raised. With the support of boards of education, the K–12 education sector has already made good progress with efficiency efforts to date, particularly through shared services implementation. The Ministry of Education will continue to work closely with all school districts to support this work.
- 5. A commitment to review and revise the current system of holding back funding.
 - The operating grant holdback is a contingency reserve that enables funding adjustments within the school year, to address changes in student enrollment across the province. The Ministry has discussed the holdback with the Technical Review Committee (TRC) in recent years, in an effort to gather views/concerns and will continue to review the size of the holdback annually. The Ministry understands districts wish to have certainty of funding allocations confirmed as far in advance as possible.

- From time-to-time, the Minister of Education may direct reviews of education funding in whole or in part and this has occurred periodically, commonly with support from our education partners to do so.
- With respect to the Next Generation Network, it is important to recognize school districts indicated this upgrade was a necessary investment to ensure equitable access to a reliable internet service for all students. School districts were aware that the operating costs would be recovered from currently budgeted education funding.
- 6. A commitment to review and revise the current funding formula to ensure a fair distribution of resources across the province.
 - The funding formula TRC is a joint ministry-school district committee, which reviews the operating grant funding formula annually and provides advice/recommendations to the Minister of Education on changes to the funding formula.
 - The committee is comprised of Superintendents and Secretary-Treasurers from across the province, as appointed by their respective associations (BC Association of School Superintendents and BC Association of School Business Officials). School district members represent districts across the province and bring their experience and expertise to the table to ensure the funding allocation system supports education system objectives.
 - The TRC has no role in setting the level of total funding for the education system. The Committee advises on how the funding is allocated to ensure the equitable and consistent allocation of available funding. Additionally, it supports school board autonomy, flexibility, stability of funding, and efficiency, as well as transparency. With respect to staffing, the student/teacher ratio in School District (SD) 42 in 2014/15 was 17.9, equal to that of 2002/03. Despite the district reducing 50 teaching positions between 2012 and 2014, the district's student/teacher ratio is still 0.3 students lower than districts of similar-size.
 - SD 42 has the exact same number of support staff full time employees (FTE) positions in 2014/15 (297 FTE's) as it had in 2006, despite enrolment decline of over 600 students in that time. During this same time, the number of educational assistant positions in SD 42 has nearly doubled to 301 FTE's in 2014/15.
- 7. A commitment to review and revise the current system of capital planning.
 - The ministry has begun streamlining the Capital Planning process, improving transparency and accelerating capital investment approvals. For example:
 - This year's Capital Plan instructions reduced the supporting documentation required for priority projects.
 - o \$20 million in Routine Capital funds was announced in July 2015, to help ensure schools are well maintained and the life of the school is maximized.

.../3

- We are establishing a Capital Technical Advisory Committee with representatives from School Districts, key associations and ministry program area staff.
- We have hired Stantec Engineering to undertake and review of the Capital Planning process, from condition assessment through priority setting to project delivery.
- 8. A commitment to review government's tax policy with respect to school property taxes.
 - Honourable Michael de Jong, Q.C., Minister of Finance must consider a multitude of factors in developing a provincial budget, along with his Cabinet colleagues.
 Government must make challenging resource allocation decisions, while balancing competing interests and priorities, just as boards of education do.
 - Tax policy is the purview of the Minister of Finance.

Since the introduction of the current funding formula in 2002/03, school districts have successfully factored in variables that affect long-range plans and risks to their planning objectives, e.g. changes in overhead costs and variability in student enrollment. Overall, the financial position of school districts has improved in the last 15 years, accumulated surpluses have increased and as of June 2015, no district is in a deficit, compared to 17 in 2001/02.

I trust this information is helpful in addressing some of the points made by School District No. 42 (Maple Ridge- Pitt Meadows). Ministry staff would be happy to answer any further questions you may have after receipt of this letter, please feel free to contact Deborah Fayad, Assistant Deputy Minister, Resource Management Division, by phone at (250) 589-2480 or by email at Deborah.Fayad@gov.bc.ca.

Sincerely,

Dave Byng Deputy Minister

F. DECISION ITEMS

- 1. Chairperson
- 2. Superintendent of Schools

a) Learning Improvement Fund

Moved/Seconded

The Deputy Superintendent reported that as indicated in the Learning Improvement Fund Regulation 2 (6), a Board requesting, in a fiscal year, a grant under section 115.2 of the Bill 22 – Education Improvement Act, must submit a spending plan to the Minister of Education by October 31, 2015.

The Deputy Superintendent presented the Learning Improvement Fund Approval Form and the Learning Improvement Plan Summary.

THAT the Board receive the Learning Improvement Fund Spending Plan Summary for information.

And further;

THAT the Board approve the Learning Improvement Fund Approval form for submission to the Minister of Education by October 31, 2015.

CARRIED

- 3. Secretary Treasurer
 - a) Eligible School Sites Proposal

Moved/Seconded

The Eligible School Site Proposal is a required component of the capital plan submission, which must be passed annually by Board resolution and referred to local governments in the District for acceptance pursuant to the Local Government Act.

The Chairperson reported that there will be no change to the school site acquisition charge (SSAC) bylaw rate applied to new development units, based on calculations consistent with Provincial School Site Acquisition Charge Regulations.

Discussion ensued on submitting a motion at the BC School Trustees Association Annual General Meeting requesting that the school site acquisition charge (SSAC) bylaw rate be updated.

THAT the Board approve the following eligible school site proposal:

WHEREAS the Board of Education of School District No.42 (Maple Ridge – Pitt Meadows) has consulted with the City of Maple Ridge and the City of Pitt Meadows on these matters;

IT IS RESOLVED THAT:

- 1. Based on information from local government, the Board of Education of School District No.42 estimates there will be approximately 6,557 new development units constructed in the School District over the next 10 years, as presented in Schedule 'A';
- 2. These 6,557 new development units will be home to an estimated 2,695 school age children, as presented in Schedule 'A';

- 3. The School Board expects two (2) new school sites and one (1) site expansion, over the ten-year period, will be required as the result of this growth in the school district. The site acquisitions will be generally located as presented in Schedule 'B';
- 4. According to Ministry of Education site standards, the School Board expects that the eligible school sites will require a total acquisition of 7.66 hectares (18.93 acres) of land, as presented in Schedule 'B'. These sites should be purchased within ten years and, at current serviced land costs, the land will cost approximately \$17.94 million.
- 5. That the Eligible School Sites Proposal as adjusted be incorporated in the 2015/16 Capital Plan, and submitted to the Ministry of Education.

CARRIED

b) 2015/16 Capital Plan

Moved/Seconded

The Secretary Treasurer reported that on July 8, 2015, the Ministry of Education issued the 2015/16 Capital Plan Instructions. Capital projects eligible for submission include capital projects that involve the need for new space, replacements, renovations, site acquisitions, seismic mitigation projects, mechanical upgrade projects and bus purchases. The deadlines for 2015/16 Capital Plan submissions to the Ministry are: September 15, 2015 for Routine Capital and November 2, 2015 for the 2015/16 Capital Plan.

The Secretary Treasurer reported that in order to ensure that Capital Plan submissions accurately reflect the priorities and needs of the Maple Ridge-Pitt Meadows School District, a comprehensive Strategic Facilities Plan was prepared in consultation with stakeholders, educators, the community and the two municipalities. The Strategic Facilities Plan identifies and rationalizes current and future capital requirements for school sites, new schools, and facility upgrades based on building condition, seismic vulnerability and ongoing maintenance/life cycle costs; as well as new education initiatives.

The Secretary Treasurer further reported that Project Identification Reports were completed by King & Company for the expansion of the 104th school site, a new South Albion Elementary school and a facility upgrade for Pitt Meadows Secondary and that these reports will be included in the capital plan submission to the Ministry of Education.

The Secretary Treasurer reported that the 2015/16 Routine Capital Plan Submission was prepared with assistance from Rocky Point Engineering and includes mechanical upgrade projects that can be completed in the next two years in the schools and would result in replacement of beyond useful life equipment and improved energy efficiency.

THAT the Board approve the 2015/16 Capital Plan for submission to the Ministry of Education. **CARRIED**

Re: **PROPOSED CURRICULUM** Date: November 18, 2015

<u>IMPLEMENTATION DAYS</u> (Public Board Meeting)

Decision

BACKGROUND/RATIONALE:

Due to the implementation of the new curriculum the Ministry of Education announced that ten (10) new hours of non-instructional time are being designated for teachers this year to be trained on the new curriculum and collaborate with their colleagues on the curriculum changes.

In alignment with the "School Calendar Regulation":

School calendar - amendment

- 8 (1) A board must schedule the following for the 2015/2016 school year:
 - (b) 2 or more non-instructional periods totalling 10 hours for the purpose of providing teachers with an opportunity to participate in discussions and activities relating to the implementation of the curriculum documents listed in section 1(i) of the Educational Program Guide Order, M333/99.
- **6** (1) For the purposes of section 87.02 [school calendar amendment] of the Act, a board must make publicly available proposed amendments to a school calendar at least one month before making the amendments.
 - (2) A board must, as soon as practicable and, in any event, within 30 days of amending a school calendar under section 87.02 of the Act, provide the minister with the amended school calendar.
 - (4) Subsections (1) and (2) do not apply to a board that amends a school calendar for the 2015/2016 school year to include the non-instructional periods required under section 8(1) (b)[designation of purpose for non-instructional days and periods] and instead the board must, as soon as practicable and, in any event, within 30 days of amending a school calendar under section 87.02 of the Act,
 - (a) provide the minister with the amended school calendar, and
 - (b) make publicly available the amended school calendar.

And, after consultation with the MRTA the following days are being recommended:

- February 19, 2016 (attached to the February 18th, 2016 District-wide Non-Instructional Day).
- April 18, 2016

RECOMMENDATION:

THAT the Board approve the proposed amendments to the 2015-2016 School Calendars.

Re:

CAPITAL PROJECT BYLAW NO. 126950

On September 23, 2015 the Board approved the submission of the 2015/16 Routine Capital Plan for submission to the Ministry of Education and inclusion in the 2015/16 Capital Plan. This submission included the central boiler plant and domestic hot water system upgrade for Albion Elementary.

On October 29, 2015 the Ministry of Education advised the school district that up to \$216,000 has been approved for the central boiler plant and domestic hot water system upgrade for Albion Elementary. (Attachment A)

In order to access funding for this project a capital project bylaw must be adopted by the Board. (Attachment B)

RECOMMENDATION:

- (1) THAT the Capital Project Bylaw No. 126950- be given three (3) readings at this meeting. (vote must be unanimous)
- (2) THAT the Board of Education of School District No. 42 (Maple Ridge Pitt Meadows) Capital Project Bylaw No. 126950 be:

Read a first time on the 18th day of November, 2015; Read a second time on the 18th day of November, 2015; Read a third time, passed and adopted on the 18th day of November, 2015.

(3) THAT the Board authorize the Secretary Treasurer to execute and submit the Routine Capital Funding Agreement to the Ministry of Education on behalf of the Board of Education.

Dear Flavia Coughlan:

Re: Routine Capital 2015/16 (Project No. 126950)

I am pleased to confirm that capital funding of up to \$216,000 has been approved for the following Routine Capital project(s): Central boiler plant and domestic hot water system upgrade for Albion Elementary School Project No. 126950. These funds will contribute to extending the life of your facilities and school-based assets and help support healthy, efficient schools for students, teachers and staff.

Prior to establishing a Certificate of Approval (COA) to access funding for this project, a capital project bylaw must be adopted by the School District No. 42 (Maple Ridge-Pitt Meadows) Board of Education. The Board should therefore adopt Capital Project Bylaw No. 126950 specifying a total maximum allocation of \$216,000. The original bylaw must then be forwarded to the attention of Jennifer Coward, Finance and Administration Officer, Business Operations Branch.

Following registration of the above bylaw and the receipt of two (2) copies of the duly executed Routine Capital Funding Agreement (copies attached for your signature) the Branch will issue a COA enabling the School District to draw capital funds for the Routine Capital project.

If you have any questions regarding the Routine Capital funding, please feel free to contact your Planning Officer, Nancy Dube at: Nancy.dube@gov.bc.ca.

I wish you every success with this project for Albion Elementary School and look forward to its completion before March 31, 2016.

Sincerely,

<u>CAPITAL PROJECT BYLAW NO: 127008</u> (Public Board Meeting)
WESTVIEW SECONDARY SCHOOL

Decision

BACKGROUND/RATIONALE:

Re:

On September 23, 2015 the Board approved the submission of the 2015/16 Routine Capital Plan for submission to the Ministry of Education and inclusion in the 2015/16 Capital Plan. This submission included Phase 1 - Purchase of 46 Roof Top Heat Pumps with Gas Fired Backup Heating.

On October 27, 2015 the Ministry of Education advised the school district that up to \$414,000 has been approved for Phase 1 – Purchase of 46 Roof Top Heat Pumps with Gas Fired Backup Heating. (Attachment A)

In order to access funding for this project a capital project bylaw must be adopted by the Board. (Attachment B)

RECOMMENDATION:

- (1) THAT the Capital Project Bylaw No. 127008- be given three (3) readings at this meeting. (vote must be unanimous)
- (2) THAT the Board of Education of School District No. 42 (Maple Ridge Pitt Meadows) Capital Project Bylaw No. 127008 be:

Read a first time on the 18th day of November, 2015; Read a second time on the 18th day of November, 2015; Read a third time, passed and adopted on the 18th day of November, 2015.

(3) THAT the Board authorize the Secretary Treasurer to execute and submit the Routine Capital Funding Agreement to the Ministry of Education on behalf of the Board of Education.

Dear Flavia Coughlan,

Re: Routine Capital 2015/16 (Project No. 127008)

I am pleased to confirm that capital funding of up to \$414,000 has been approved for the following Routine Capital project(s): Phase 1 – Purchase Only of 46 Roof Top Heat Pumps with Gas Fired Backup Heating for Westview Secondary School, Project No. 127008. These funds will contribute to extending the life of your facilities and school-based assets and help support healthy, efficient schools for students, teachers and staff.

Prior to establishing a Certificate of Approval (COA) to access funding for this project, a capital project bylaw must be adopted by the School District No. 42 (Maple Ridge-Pitt Meadows) Board of Education. The Board should therefore adopt Capital Project Bylaw No. 127008 specifying a total maximum allocation of \$414,000. The original bylaw must then be forwarded to the attention of Jennifer Coward, Finance and Administration Officer, Capital Management Branch.

Following registration of the above bylaw and the receipt of two (2) copies of the duly executed Routine Capital Funding Agreement (copies attached for your signature) the Branch will issue a COA enabling the School District to draw capital funds for the Routine Capital project.

If you have any questions regarding the Routine Capital funding, please feel free to contact your Planning Officer, Nancy Dube at: Nancy.dube@gov.bc.ca.

.../2

I wish you every success with this project for Westview Secondary School and look forward to its completion before March 31, 2016.

Sincerely,

John Cavelti, Regional Director Capital Management Branch

FINANCIAL INFORMATION (SOFI)

Date: November 18, 2015

(Public Board Meeting)

Decision

BACKGROUND/RATIONALE:

Attached is a copy of the Statement of Financial Information Report for the Board of Education of School District No. 42 (Maple Ridge - Pitt Meadows) for the year ended June 30, 2015.

In accordance with the Financial Information Act (the "Act"), each school board is required to prepare a report of financial information for each fiscal year. The Act, together with the related regulation and directive, prescribes the information that is required to be included in the report.

The major schedules included in the report are as follows:

- a Schedule of Remuneration and Expenses that lists all payments made to trustees and to those employees with remuneration exceeding \$75,000; and
- a Schedule of Suppliers of Goods and Services that lists total payments made to suppliers in excess of \$25,000.

Section 6 of the Financial Information Regulation defines remuneration to include any form of salary, wages, taxable benefits, payment into trust or any form of income deferral paid by the Board to an employee, but does not include anything payable under a severance agreement. Remuneration for individual employees can include payouts for vacation, gratuity and compensatory time not taken, in addition to regular salary. Remuneration also includes taxable benefits for auto allowances for employees who regularly use their personal vehicle for school district business and the employer-paid portion of provincial medical insurance and group life insurance premiums.

Expenses are defined to include travel expenses, memberships, tuition, relocation expenses, registration fees and similar amounts paid directly to an employee, or to a third party on behalf of an employee.

Payments made for the provision of goods and services include all payments made from operating, special purpose and capital funds for the supply of goods and services. Payments, or deductions in funding, made by other entities on behalf of the Maple Ridge – Pitt Meadows School District (e.g. PLNet expenditures and the School Protection Program premiums) are not included.

A significant portion of the supplier payments represents contributions to pension and employee benefit plans and contractors for capital projects. Payments for both employer and employee contributions to employee benefit plans are included.

RECOMMENDATION:

THAT the Board approve the School District Statement of Financial Information for the fiscal year ended June 30, 2015; and that the said statement be submitted to the Ministry of Education.

MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all the other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

MANAGEMENT REPORT

Version: 3076-2330-9348

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 42 (Maple Ridge-Pitt Meadows) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 42 (Maple Ridge-Pitt Meadows) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a quarterly basis and externally audited financial statements yearly.

The external auditors', KPMG, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors' have full and free access to financial management of School District No. 42 (Maple Ridge-Pitt Meadows) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

INDEPENDENT AUDITORS' REPORT

To the Board of Education of the School District No. 42 (Maple Ridge-Pitt Meadows)

To the Minister of Education, Province of British Columbia

We have audited the accompanying financial statements of School District No. 42 (Maple Ridge-Pitt Meadows), which comprise the statement of financial position as at June 30, 2015, the statements of operations, changes in net financial assets (debt) and cash flows for the year ended June 30, 2015, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the financial statements

Management is responsible for the preparation of these financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of School District No. 42 (Maple Ridge-Pitt Meadows) as at and for the year ended June 30, 2015 are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

Emphasis of Matter

Without modifying our opinion, we draw attention to Note 3 to the financial statements, which describes the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

Other Matter

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The supplementary information included in Schedules 1 through 4D is presented for purposes of additional analysis and is not a required part of the financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

NOTE 1 AUTHORITY AND PURPOSE

The School District, established on April 12, 1946 operates under authority of the School Act of British Columbia as a corporation under the name of "The Board of Education of School District No. 42 (Maple Ridge – Pitt Meadows)", and operates as "School District No. 42 (Maple Ridge – Pitt Meadows)." A board of education ("Board") elected for a three-year term governs the School District. The School District provides educational programs to students enrolled in schools in the School District, and is principally funded by the Province of British Columbia through the Ministry of Education. School District No. 42 is exempt from federal and provincial corporate income taxes.

NOTE 2 ADOPTION OF NEW ACCOUNTING POLICY

On July 1, 2014, the District adopted PS 3260 Liability for Contaminated Sites. The standard was applied on a retroactive basis to July 1, 2013 and did not result in any adjustments to the financial liabilities, tangible capital assets or accumulated surplus of the District.

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School District are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the School District are as follow:

a) Basis of Accounting

The financial statements have been prepared in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia supplemented by Regulations 257/2010 and 198/2011. The Budget Transparency and Accountability Act requires that the financial statements be prepared in accordance with the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada, or if the Treasury Board makes a regulation, the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada as modified by the alternate standard or guideline or part thereof adopted in the regulation.

Regulation 257/2010 requires all tax-payer supported organizations in the Schools, Universities, Colleges and Hospitals sectors to adopt Canadian public sector accounting standards without any PS4200 elections effective their first fiscal year commencing after January 1, 2012.

Regulation 198/2011 requires that restricted contributions received or receivable for acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are to be deferred and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded.

For British Columbia tax-payer supported organizations, these contributions include government transfers and externally restricted contributions.

The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of Canadian public sector accounting standards which requires that:

government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by
the recipient when approved by the transferor and the eligibility criteria have been met in accordance with
public sector accounting standard PS3410; and

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

 externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

As a result, revenue recognized in the statement of operations and certain related deferred capital revenue would be recorded differently under Canadian Public Sector Accounting Standards.

b) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, portfolio investments, accounts payable and accrued liabilities, capital lease obligations and other liabilities.

Except for portfolio investments in equity instruments quoted in an active market, or items designated by management, that are recorded at fair value, all financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability. The School District has not invested in any equity instruments that are actively quoted in the market and has not designated any financial instruments to be recorded at fair value. All financial instruments are recorded at cost or amortized cost.

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

Unless otherwise noted, it is management's opinion that the School District is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying value, unless otherwise noted.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

c) Cash and Cash Equivalents

Cash and cash equivalents include cash in the bank and funds held with the Ministry in the Central Deposit program that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally high liquid, with a maturity of three months or less at acquisition and held for the purpose of meeting short-term cash commitments rather than for investing.

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

e) Portfolio Investments

The School District has investments in equity instruments with no maturity and term deposits, which have a maturity of greater than 3 months at the time of acquisition.

The term deposits and the pooled private equity fund investments (not quoted in an active market) are reported at amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset.

f) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

g) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 3(n).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished. See Note 3(a) for the impact of this policy on these financial statements.

h) Employee Future Benefits

i) Post-employment benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing.

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2013 and projected to June 30, 2016. The next valuation will be performed at March 31, 2016 for use at June 30, 2016. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

ii) Pension Plans

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

i) Asset Retirement Obligations

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs capitalized into the carrying amount of the related tangible capital asset. In subsequent periods, the liability is adjusted for accretion and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and accretion expense is included in the Statement of Operations.

j) Tangible Capital Assets

Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion. Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.

Buildings that are demolished or destroyed are written-off.

Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.

The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful lives are as follows:

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

k) Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School District are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School District's rate for incremental borrowing or the interest rate implicit in the lease.

All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

I) Prepaid Expenses

Several insurance policies, maintenance agreements and other payments paid in advance are included as a prepaid expense. Prepaid expenses are state at acquisition cost and are expensed over the periods expected to benefit from it.

m) Internally restricted reserves

Certain amounts, as approved by the Board are segregated as reserves within the accumulated surplus for future operating and capital purposes. Transfers to and from these reserves are an adjustment to the respective funds when approved. Funds and reserves are disclosed on Schedules 2, 3 and 4.

n) Revenue Recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred
 capital revenue and amortized over the useful life of the related assets.

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished. See Note 3(a) for the impact of this policy on these financial statements.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service being performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

o) Expenses

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

Categories of Salaries

- Principals, Vice-Principals, and Directors of Instruction employed under an administrative officer contract are categorized as Principals and Vice-Principals.
- Superintendents, Assistant Superintendents, Secretary-Treasurers, Trustees and other employees excluded from union contracts are categorized as Other Professionals.

Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenses are
 determined by actual identification. Additional costs pertaining to specific instructional programs, such
 as special and aboriginal education, are allocated to these programs. All other costs are allocated to
 related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the
 time spent in each function and program. School-based clerical salaries are allocated to school
 administration and partially to other programs to which they may be assigned. Principals and VicePrincipals salaries are allocated to school administration and may be partially allocated to other
 programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

p) Liability for contaminated sites

- A liability for contaminated sites is recognized when a site is not in productive use and the following criteria are met:
- An environmental standard exists;
- Contamination exceeds the environmental standard;
- The School District is directly responsible or accepts responsibility for the contamination;
- It is expected that future economic benefits will be given up; and
- A reasonable estimate of the amount can be made.
- The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

q) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in Note 3(a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, liabilities for contaminated sites, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

NOTE 14 EMPLOYEE PENSION PLANS

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan, jointly trusteed pension Plans. The board of trustees for these plans represents plan members and employers and is responsible for the management of the pension plan including investment of the assets and administration of benefits. The pension plans are multi-employer contributory pension plans. Basic pension benefits provided are based on a formula. The Teachers' Pension Plan has about 45,000 active members from school districts, and approximately 32,000 retired members from school districts. The Municipal Pension Plan has about 179,000 active members, of which approximately 24,000 are from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and the adequacy of plan funding. The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2011 indicated an \$ 855 million funding deficit for basic pension benefits. The next valuation will be as at December 31, 2014 with results available in 2015. The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2012 indicated a \$ 1,370 million funding deficit for basic pension benefits.

The next valuation will be as at December 31, 2015 with results available in 2016. Defined contribution plan accounting is applied to the plans as the plans expose the participating entities to actuarial risks associated with the current and former employees of other entities, with the result that there is no consistent and reliable basis for allocating the obligation, plan assets and cost to individual entities participating in the plan.

The School District paid \$ 12,061,308 for employer contributions to these plans in the year ended June 30, 2015 (2014: \$ 11,706,751).

NOTE 15 RELATED PARTY TRANSACTIONS

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

NOTE 16 CONTRACTUAL OBLIGATIONS

The School District has entered into a number of multiple-year contracts for the delivery of services and the construction of tangible capital assets. These contractual obligations will become liabilities in the future when the terms of the contracts are met. Disclosure relates to the unperformed portion of the contracts.

NOTE 17 BUDGET FIGURES

Budget figures included in the financial statements were approved by the Board through the adoption of the preliminary annual budget on May 28, 2014.

NOTE 18 CONTINGENCIES

In the normal course of business, lawsuits and claims have been brought against the School District. The School District contests these lawsuits and claims. Management believes that the results of any pending legal proceeding will not have a material effect on the financial position of the School District.

NOTE 19 ASSET RETIREMENT OBLIGATION

Legal liabilities may exist for the removal or disposal of asbestos in schools that will undergo major renovations or demolition. The fair value of this liability for asbestos removal or disposal will be recognized in the period in which it is incurred if a reasonable estimate of fair value can be made. As at June 30, 2015, a liability is not reasonably determinable (2014: nil).

NOTE 22 ECONOMIC DEPENDENCE

The operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

NOTE 23 RISK MANAGEMENT

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

NOTE 23 RISK MANAGEMENT (Continued)

The School District is exposed to credit risk in the event of non-performance by a borrower. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in the Central Deposit Program with the Province and in recognized British Columbia institutions. The School District invests solely in guaranteed investment certificates and term deposits.

b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

c) Currency risk:

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.

d) Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is exposed to interest rate risk through its investments. It is management's opinion that the School District is not exposed to significant interest rate risk as they invest solely in the Province's Central Deposit Program, guaranteed investment certificates and term deposits that have a maturity date of no more than 1 year.

e) Liquidity risk:

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due. The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

f) Fair value of financial instruments:

Public Sector Accounting Standards define the fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties. The School District uses the following methods and assumptions to estimate the fair value of each class of financial instruments for which the carrying amounts are included in the Statement of Financial Position under the following captions:

(i) Cash and cash equivalents, accounts receivable, investments and accounts payables and accrued liabilities – the carrying amounts approximate fair value because of the short maturity of these instruments.

NOTE 23 RISK MANAGEMENT (Continued)

The financial instruments measured at fair value held within each investment are classified according to a hierarchy which includes three levels, reflecting the reliability of the inputs involved in the fair value determination. The different levels are defined as follows:

- (i) Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- (ii) Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- (iii) Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The School District's instruments are all considered to be level 1 financial instruments for which the fair value is determined based on quoted prices in active markets. Changes in financial instruments valuation methods or in the availability of market observable inputs may result in a transfer between levels. During the year there were no significant transfers of securities between different levels.

Risk Management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance.

MAPLE RIDGE - PITT MEADOWS SCHOOL DISTRICT BOARD OF EDUCATION OPERATIONAL PLAN

Student Learning is Our Central Purpose

Background

The Maple Ridge – Pitt Meadows Board of Education is comprised of seven trustees representing the communities of Maple Ridge and Pitt Meadows. Trustees are elected every four years at the same time as the mayor and city council for the two municipalities.

The Board is committed to working together to achieve excellence for all learners in the Maple Ridge - Pitt Meadows School District by building open, trusting relationships as Board and senior management; defining roles and responsibilities; solidifying trustee knowledge base through board management information sharing; using data/evidence to make decisions; and establishing strategic directions.

Our vision is to ensure every individual feels valued and all learners reach their full potential.

Key Strategies

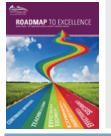

- Enhance learning for all by providing quality programming and initiatives that improve engagement and success
- Improve results by working together effectively with partner groups, staff and the public
- Align planning, processes, policies and procedures to improve efficiency and effectiveness to enhance success for all learners

Operational Plan

- Continue to support and strengthen innovative programs and learning options that enhance teaching and learning
- Improve relationships and communication with partner groups and the communities we serve
- Provide strong advocacy for adequate funding for education
- Collaborate with other boards through BCSTA and advocate for the creation, implementation, and evaluation of a meaningful co-governance model with the provincial government
- Review Board operations and Board meeting schedules to ensure the needs of the community are met
- Review, create and update Board policies
- Continue to improve the Board's communication plan to ensure increased Board work awareness
- Support youth engagement in school district governance
- Continue to celebrate success, recognize accomplishments and service of staff and volunteers

EDUCATION OPERATIONAL PLAN

Student Learning is Our Central Purpose

Background

The District Education Leadership Team is committed to effectively and strategically supporting success for all learners by providing strong instructional leadership that aligns district vision, mission and values, and Ministry of Education policies and procedures.

As a team, our purpose is to improve learning by engaging in strategies that foster student achievement, embrace diversity, facilitate innovative practices, and support required changes within the system.

Our vision is to collaborate with educators to strategically plan and promote safe, caring, engaging and responsive learning environments to enable our students to become contributing citizens, competent learners, and creative thinkers.

Key Strategies

- Provide district leadership in the development and implementation of the district's values, vision, mission, and goals to support learning and achievement for all students
- Provide and model district leadership in the development and implementation of effective current and innovative instructional practices that focus on success for all students
- Support schools to develop responsive systems that recognize the unique needs of each learner and provide diverse learning opportunities so students can develop their full potential
- Promote positive, respectful, safe, caring and healthy schools

Operational Plan 2014-2017

In this three-year planning cycle, the Education Leadership Team will:

- Promote and enhance student learning by aligning our practices, resources, staffing, supports and initiatives
- Develop a district-wide literacy plan
- Implement an innovative and effective district-wide student inclusive assessment and reporting model
- Identify and increase opportunities for students to engage in innovative, purposeful and personalized educational programs/activities that align with their passion
- Promote cultures of care in our schools
- ☐ Facilitate the success of all Aboriginal learners as outlined in our Aboriginal Enhancement Agreement
- Support social emotional learning and curricular competencies through a universal, targeted and intensive approach
- Identify opportunities, implement practices and design strategic communications that build value and efficacy for individuals and groups
- Create opportunities that support mentoring and succession planning across the organization
- Guide the implementation of the new student information system

Student Learning is Our Central Purpose

Operational Plan 2014-2017

INITIATIVE	CURRENT STATUS	NEXT STEPS
Promote and enhance student learning by aligning our practices, resources, staffing, supports and initiatives.	 Established a School Team at each school to support teaching and learning at classroom level, particularly focused on students who are challenging to teach. Included EAs, CCWs, teachers and school administrators. Amalgamated Student Support Services, ELL Services, and Aboriginal Education Services under one overarching department structure titled "Learning Services." Located all Curriculum/Instruction Helping Teachers at Learning Services to enhance opportunities for cross collaboration. Implemented the beginnings of a "Learning Services Organizational Framework," organizing professional itinerant staff within 3 elementary and 2 secondary school zones. Began to develop District Teacher leaders who are skilled at facilitation, collaboration & implementation. Worked with SET BC to develop a plan to respond to the changing mandate. 	Continue to provide facilitated school team in-service opportunities and provide release time for team members to extend learning. Continue to support transition to Learning Services by aligning communication. Implement more intentional opportunities at the district and school level for zonal teams to meet/collaborate and participate in in-service/prod. Plan learning/training opportunities for instructional support staff focused on supporting diverse learners. Implement Helping Teacher meetings every 2 weeks to align vision, values, practices, initiatives, identify emergent issues and brainstorm solutions. Continue Secondary Teacher Inquiry Initiative. Explore and implement models of classroom-based support for ELL students. Meet with principals and clerical staff to maximize funding opportunities in support of students. Implement the SET BC model based on three-tier framework of supporting learning.
Develop a district-wide literacy plan	 Developed a definition of "literacy" in SD42 and identified common elements of a rich literacy environment and quality literacy instruction. Created, distributed and reviewed a survey for primary teachers to gather literacy needs in the district. Developed a literacy implementation plan. Created an application for schools to form literacy networks. Identified and ordered resources to support literacy development. Implemented Changing Results for Young Readers project. Continued to implement iPod Reading Fluency project. Collected literacy data from the final report cards (2014/15) for students in kindergarten, grade 1, 2, and 3 to use as baseline data. 	Select 6 schools (School Literacy Networks) to be part of year 1 roll-out. Continue District Literacy committee meetings to support implementation of the literacy framework. Provide side-by-side support to classroom teachers and support teachers (Literacy Helping teachers and Learning Services Helping teachers) working in schools. Use early primary literacy data to support development of the literacy framework. In-service for school-based support teachers to ensure awareness and clarification of roles in regards to literacy. Explore next steps regarding the iPod Reading Fluency project.
Implement an innovative and effective district-wide student inclusive assessment and reporting model	 Implemented the district developed reporting method in all schools K-7 (no letter grades or subject areas). Successfully implemented and tested a district K-7 online report card, delivered through the parent portal. Worked with the MRTA to create a Reporting Sustainability Committee co-chaired by a District Helping Teacher and a Principal. Worked with the District Helping Teacher (mentoring) and the District Assessment and Reporting. Sustainability Committee to create numerous learning opportunities for teachers regarding portfolios, formative assessment, cross competencies and reporting best practices. 	 Expand the district-wide Student Achievement Dashboard to all schools. Develop and pilot a district-wide Student Achievement Dashboard focused on student literacy and numeracy achievement data. Continue to work with the Reporting Sustainability Committee to further align the reporting system with the new Ministry of Education Curriculum. Continue to work with District Helping Teacher (mentoring) and the District Assessment and Reporting Sustainability Committee to create numerous learning opportunities for teachers. Provide further clarity/direction on reporting on learning progress for students with special needs. Develop and pilot a digital portfolio that enables the sharing and saving of student work samples and illustrations of learning.

Student Learning is Our Central Purpose

Operational Plan 2014-2017

INITIATIVE	CURRENT STATUS	NEXT STEPS
Identify and increase opportunities for students to engage in innovative, purposeful and personalized educational programs	 Students from each district high school attended the Student leadership event in October in Langley. Implemented innovative initiatives to support student engagement including: maker space activities, Lego robotics, scratch programming, district inquiry project, Microsoft IT Academy. Continued to expand Trades Programs opportunities by starting a Masonry program. Implemented elementary Summer School. Ordered new furniture and materials to support flexible learning environments at elementary and secondary. Met with secondary principals and counselors to discuss student engagement and success. Created a secondary helping teacher position to focus on change and innovation at secondary schools. Initiated a review of grade 7 – 8 transition process and supports. 	 Organize a district student leadership forum and begin to action ideas generated. Consult with students regarding the Framework for Enhancing Student Learning. Facilitate student attendance at 3rd student leadership event in Langley, Oct. 2016. Continue to refine the District Inquiry Program to include a student self-reflection component. Continue to provide after school learning opportunities for teachers on ways to facilitate student engagement including maker space activities, Lego robotics, scratch, etc. Continue to expand trades options including mini credentials for students such as fork lift operator. Examine the possibility of expanding elementary summer school sessions. Continue to expand learning opportunities and options for students in our secondary schools. Provide the rationale and framework for changes to student timetables grades 10 to 12. Use student data to monitor and implement interventions that support success for our most vulnerable students. Continue to work with Teacher Librarians to implement their shared statement of philosophy and practice (literacy, technology, learning commons pedagogies, inquiry and social emotional learning). Implement process/supports/structures as identified in the review of grade 7 – 8 transitions.
Promote cultures of care and support social emotional learning and curricular competencies through a universal, targeted and intensive approach.	 Initiated a District Social Emotional Learning Committee. Supported school and district-based programming that encourages students to care including Give 365, We Day, DSAC activities, etc. Began exploring ways to integrate self-regulation initiatives into classrooms. Supported the development of Safe and Caring Schools Committee. Aligned our practices around threat assessment, crisis intervention, VTRA, risk-assessment, and medical procedures, and also provided in-service support. Trained staff at all schools in levels 1 and 2 threat assessment. Updated and aligned student health and medical policies/procedures. Provided support for school administration, staff, students and families regarding critical incidences related to students. 	 Develop a district wide social/emotional learning framework. Continue to collaboratively work with community agencies to support our vulnerable students. Continue to meet monthly with CCWs and begin meeting monthly with secondary counselors Complete the Guide for Emergency procedures and provide training opportunities. Provide in-service to ensure common understanding and implementation of policies/procedures. Initiate/complete updates to policy/procedure in restraint and seclusion. Develop both the SEL framework and the Secondary Initiatives to work with teachers on how to assess SEL and the curricular competencies. Re-examine the Alternate program and Keeping Kids in School program.

Operational Plan 2014-2017

INITIATIVE	CURRENT STATUS	NEXT STEPS
Facilitate the success of all Aboriginal learners as outlined in our Aboriginal Enhancement Agreement goals and underlying beliefs	 Fourth Aboriginal Enhancement Agreement approved by the Board of Education on April 27, 2015. Began an Aboriginal Elder in Residence at Environmental School. 	Implement structures, strategies and processes in support of the current enhancement agreement goals: Continue to develop a strong sense of community for Aboriginal students and families in their schools and in the school district; Support and improve the quality of school achievement for all Aboriginal students; transition Aboriginal students into their future learning, employment, and life experiences beyond the completion of their secondary program.
Identify opportunities, implement practices and design strategic communications that build value and efficacy for individuals and groups	 Superintendent and Deputy Superintendent met with partner groups at least once/two weeks. Developed elementary clerical committee that addressed issues identified by clerical staff. Developed collaboratively a Records Clerk Handbook and a District Elementary Clerical Float book. Implemented partnership with the Community Middle Years table to begin the coordination of community and school programming. Accessed grant to implement school based/community programming to address issues identified in the MDI. Began discussions with the Community Early Learning Table about developing an Early Years Centre. Began a District/Trustee/Partner group Round Table. Implemented a custodial valuing committee including representatives from all partner groups and developed strategies to address concerns. 	 Continue to meet regularly with partner groups. Continue to develop an Elementary Clerical Handbook. Find a way to implement the peer-to-peer clerical initiative through consultation with clerical staff. Continue to work with community partners to hire an After School Programming Coordinator from the funds provided from the United Way grant. Develop and submit an Early Years Centre grant to BC Ministry of Education Early Years office. Roll out custodial duties implementation to all schools in collaboration with CUPE, MRTA, and custodial services. Continue the district/trustee/partner group Round Table. Dialogue with the Custodial Valuing Committee to expand the mandate to encompass valuing for all partner groups. Explore ways to enhance communication and collaboration with community partners.
Create opportunities that support mentoring and succession planning across the organization	 Provided a number of mentoring/training opportunities including: Fraser Valley Future Leaders Sessions; New and Nearly New Principal Sessions; Level B Assessment Training; Elementary and Secondary Support Teachers Sessions; Clerical training; Mentoring opportunities for new teachers, TTOCs and teachers who change assignments. 	Continue to provide and enhance mentoring opportunities including: Clerical Peer to Peer; BC CASE Workshop Series; New and Nearly New Principal sessions; Vice Principal Series; Teacher mentoring opportunities; Teacher leader series.
Implement new curriculum		Introduce new curriculum initiatives to teachers and administrators: September 18th Exploring the New BC Curriculum with Maureen Dockendorf, Ministry of Education; October 29th Exploring the Core Competencies of the new BC curriculum, with Sharon Jeroski and Anita Chapman; Secondary dialogue with Jan Unwin, TBA; Continue to work with principals at the monthly meetings on curricular and assessment changes; Collaborate with the MRTA to develop a curriculum implementation plan over three years; Develop a new curriculum information sharing session for parents.

The MyEdBC Teacher Committee will continue to meet throughout 2015-16 to provide feedback on this initiative. The final teacher training sessions will occur in early 2016 and include MyEDBC Family Portal training. Secondary timetabling training will occur in the spring of 2016. After school MyEdBC Wonder Wednesdays events occur weekly and allow teachers to get one-on-one support and learn more about many of the advanced features of the new student information system.

MAPLE RIDGE - PITT MEADOWS SCHOOL DISTRICT HUMAN RESOURCES DEPARTMENT OPERATIONAL PLAN

Student Learning is Our Central Purpose

Background

The Human Resources Department of the Maple Ridge - Pitt Meadows School District is focused on attracting, retaining and supporting outstanding employees through the implementation of leading HR practices. We believe that these practices will foster engaging and rewarding working relationships and work environments. This is our contribution to overall student success.

Operational Plan

Our vision is to support all employees in reaching their full potential in order to provide for the best educational experiences in our school district. Outstanding staff are and will always be at the heart of our success.

Key Strategies

- Implement an HR strategy, programs and practices that are aimed at promoting a spirit of excellence within a continuous improvement mindset
- Provide quality and innovative HR services to attract, develop, engage and retain diverse talent
- Facilitate workplace relations that favour a culture of collaboration and leadership
- Promote a positive, respectful, safe and healthy work environment

Operational Plan 2014-2017

In this three-year planning cycle the Human Resources Department will:

- Develop an organizational Human Resource strategy that aligns with the Board's strategic plan
- Promote joint initiatives, agreements and collaborative problem-solving with our partner groups
- Develop leading practices in the recruitment, retention, and recognition of outstanding staff
- Improve processes and maximize the power of technology to deliver HR services
- Identify metrics and benchmarks to measure HR operational efficiency and effectiveness, and to identify areas for improvement
- Review existing orientation programs and implement changes to promote a "one team" approach to welcome and onboard new staff to our school district
- Continue to grow our HR expertise within our Human Resources department and within our school district leaders

Re: **GRADUATED ADULTS UPDATE** Date: November 18, 2015

(Public Board Meeting)

Information

BACKGROUND/RATIONALE:

In a previous report to the Board of Education dated February 11, 2015, trustees were briefed on the changes to funding for Graduated Adults that were to take effect May 1, 2015. As stated in the report dated February 11th, 2015 the change implemented by the Ministry of Education was as follows:

"Effective May 1, 2015, the Ministry of Education will only provide funding to school districts for graduated adults enrolled in Foundation courses that were part of the Education Guarantee. School districts cannot charge graduated adults tuition or fees for any courses that are funded under the Education Guarantee, however courses no longer funded by the guarantee may be charged for. Furthermore, there will be no change in funding for adults who have not yet graduated as under the *School Act* they cannot be charged tuition fees for courses."

Enrolment for graduated adults is reported to the Ministry of Education in the enrolment counts for September, February and May of each year (1701 data collection). The funding of \$4,430 per full time equivalent graduated adult student is provided by the Ministry in two stages: 50 percent of course funding is based on eligible enrolments reported through 1701 data collection and 50 percent of course funding is based on course completions reported through SADE data collection. The Ministry defines completion in these courses as a minimum of 65% of the course work and receipt of a final grade.

At the time of the February 2015 report there were 132 students enrolled in courses funded under the education guarantee. The full time equivalent for funding purposes for these students was 21.875 FTE.

The School Act sets out a process for the setting of fees for school aged students only. Course fees for adults are determined by comparing fees charged by neighboring school districts based on similar course offerings. The School Act has a requirement for a financial hardship policy for "school aged" students. This is not required for adult students. Additionally, StudentAidBC does not designate School Districts offering high school courses as 'designated institutions' and, therefore, the school district cannot administer the StudentAidBC program.

For 2015/16, course fees have been set at \$500 per course plus a refundable textbook deposit or workbook fee if applicable. Academic advisors, in consultation with the Principal at Riverside Centre, offer a full range of payment options including installments on a weekly, biweekly or monthly basis.

Presently, SD 42 Continuing Education and CLC (distributed learning) continues to offer a full range of High School upgrade and Foundations classes at Riverside Centre, Fraser

Regional Correctional Centre and Alouette Correctional Centre for Women. There are 74 Graduated Adults presently attending all three locations. As well, there are 91 Graduated adults presently taking academic courses with CLC. Of the total number of Graduated Adult students registered in CE (74) and CLC (91), 81 are fee paying adults and not funded by the Ministry. The Ministry of Education funded graduated adult estimated enrolment for 2015/16 was 6.5 FTE and the actual full time equivalent as reported on the September 2015 enrolment count is 13.75 FTE.

RECOMMENDATION:

THAT the Board receive the Graduated Adults Update for information.

Re: **DISTRICT CLASS SIZE REPORT** Date: November 18, 2015

(Public Board Meeting)

Information

BACKGROUND/RATIONALE:

The District Class Size Report was recently submitted to the Ministry of Education. The number of classes which exceed 30 in the district is noted in the report. The Class Size and Compensation Regulation stipulates that some classes are not subject to the 30 student limit. These classes include: Music, Band, Choir, Planning 10, Leadership and Drama. There are 27 classes in our secondary schools which exceed 30 and which are not subject to the 30 student limit. There are 35 classes in our secondary schools which exceed 30, and, as stipulated in the Class Size and Compensation Regulation, compensation will be paid to the teachers of those classes monthly if this situation persists.

This year, our district Class Size report adheres to the definition of a class stipulated in the *School Act* and Regulation: "class means a group of students scheduled to be together at least twice a week with a teacher for the purposes of engaging in an education program".

SD 42 POLICY: 5780

Information Technology and Communication Systems - Appropriate Use Policy

The Board recognizes the importance of information technology hardware, software and related infrastructure as part of the District's operations, and recognizes the increasing importance of technology tools as a part of the classroom and curriculum. The Board provides on-line systems and on-line resources (information communication technology systems or "ICTS") in supporting the delivery of educational programs and the business operations of the District. On-line resources include all material that is accessed through a District computer or via the District telecommunications network through a personal device.

The Board is committed, within available resources, to providing accessible, reliable and secure on-line systems and resources to students, staff and approved guests for the purpose of learning, teaching, and management and administration of District operations.

Conditions of Use

All Board policies, procedures, guidelines and codes of conduct apply to those using online systems and resources provided by or on behalf of the District and all users are expected to comply with them and any applicable laws and restrictions that the Board establishes.

Users may use the ICTS for Incidental Personal Use, provided such use is not characterized as misconduct or does not violate any provision in this policy or any other policy of the Board.

Users are responsible for all activities carried out through their user accounts. All activities must be professional, respectful and factual.

Users bear the sole responsibility for the material they choose to access, send or display. Users should be aware that IT technology automatically generates a record of use including date, time and type of access.

Users will not engage in any activities harmful to the ICTS, such as disrupting services, intentionally damaging equipment, software or data belonging to the Board or other users.

Users will respect the privacy of others and not tamper with, open or read other users' files, passwords, and/or accounts.

Users will not use the ICTS to view or display material that contravenes District policy, the BC Human Rights Act, Criminal Code, <u>Freedom of Information and Protection of Privacy Act (FOIPPA)</u> or any other Federal or Provincial law including but not limited to material such as sexually explicit material, obscene or lewd material, or material promoting hate towards individuals or groups based on colour, race, religion, sex, sexual orientation, and ethnic origin or place of origin, unless for Authorized Academic Purposes.

The Superintendent or designate may from time to time exempt a user or department from compliance with this policy where a valid business reason exists.

Any breach violation of this policy <u>and associated procedures</u> may result in disciplinary action up to and including termination of employment.

The Board recognizes the great potential social networking services may provide to enhance education, communication, and learning. However, we also recognize the potential dangers of such services if used inappropriately.

The authority to develop, communicate <u>and implement Social Media Guidelines procedures</u> <u>related to this policy</u> is delegated to the Superintendent.

AMENDED:

SD 42 PROCEDURE: 5780.2

PROTECTION OF SCHOOL DISTRICT RECORDS WHEN WORKING AWAY FROM THE WORKPLACE

A. <u>Introduction / Purpose</u>

The Board of Education of School District No. 42 (Maple Ridge - Pitt Meadows) ("School District") recognizes that there may be circumstances in which it is necessary or reasonable for employees to perform employment responsibilities from locations outside of their assigned workplace. However, where the performance of such responsibilities requires employees to access or use personal information about students, staff, parents or other individuals from outside of the workplace or confidential information of the School District, this poses increased risks to the security, privacy and confidentiality of this information.

The purpose of this Procedure is to establish consistent and appropriate standards with respect to the use of remote technology by employees to access or store personal information related to School District operations and to any other access, storage or removal of records containing personal or confidential information outside of the Workplace.

B. <u>Definitions</u>

"**Act**" means the *Freedom of Information and Protection of Privacy Act*, and regulations thereto, as amended from time to time;

"Confidential Information" means all records containing information about the School District that is not generally known, used or available to the public;

"Information Security Classification System" means a framework for classifying data adopted by the School District from time to time;

"Information Technology Department" means the School District's Information Technology Department;

"Mobile Storage Devices" means any portable electronic device that is used to store Personal Information, including lap top computers, flash drives, USB drives, external hard drives, smart phones and other similar devices;

"**Personal Information**" means "personal information" as defined in the Act that Staff obtain or access in connection with their employment or engagement. The Act defines "personal information" as any information pertaining to an identifiable individual, excluding business contact information;

"Sensitive Personal Information" means Personal Information pertaining to: a student's educational performance; any person's medical or mental health or treatment; educational or employment history or discipline records; financial and identity information (social insurance number, date of birth, driver's license number), and any other categories of information the inadvertent

disclosure of which may give rise to a reasonable prospect of harm to the individual about whom the information pertains or information that has otherwise been designated as sensitive or requiring higher levels of security in accordance with the School District's Information Security Classification System;

"**Records**" has the meaning set out in the Act, including all paper records, electronic records, photographs, recordings, or any other media or device upon which Confidential Information and/or Personal Information is recorded or stored;

"Manager" means the principal, manager or other supervisor who is responsible for the management of the operation or administration of a Workplace;

"**Staff**" means the employees of the School District, and includes trustees and any independent contractors who have access to Personal Information in the course of carrying out their employment or contracted responsibilities;

"**Systems**" means the electronic information management system or network maintained and operated by the School District for the purpose of storing and managing information collected, used or retained by it for the purposes of carrying out its duties and responsibilities as a Board of Education under the *School Act* (BC);

"Workplace" or "Worksite" means the school, office or other School District owned or operated site(s) at which the member of Staff ordinarily carries out his/her employment responsibilities.

C. <u>General Principles</u>

- The School District recognizes that Staff may from time to time carry out work related tasks outside of school hours and from locations outside of the Workplace. Staff are expected to follow these procedures to ensure that they take reasonable precautions to ensure that such activities do not give rise to preventable risks of breaches of privacy occurring.
- All Staff should be aware that the removal of school district records from the Workplace gives
 rise to risks that such information may be lost, stolen or accessed by unauthorized persons.
 Before materials containing Personal Information or Confidential Information are removed from
 the Workplace, Staff should consider:
 - The purpose for doing so and whether the purpose could be achieved without taking such materials out of the Workplace;
 - The safeguards that are in place to protect the information from unauthorized access, loss or theft;
 - The sensitivity of the information involved.
- If it is necessary for Staff to remove school district records from the Worksite, only the minimum amount of confidential and/or personal information required should be removed.
- If school district records are removed from the Workplace, Staff members should be conscious of what has been removed, and in appropriate cases, it may even be prudent for Staff members to maintain a written record or inventory of what has been removed.

- Staff are expected, wherever possible, to access school district records through the secure use of the Systems rather than by saving such information to Mobile Storage Devices, where it is prone to loss or theft or other unauthorized access.
- Staff shall comply with the directives and standards issued from time to time by the Information Technology Department regarding the secure access and storage of school district records on Mobile Storage Devices and other devices, including in respect of the creation of secure passwords, encryption, storage and destruction.
- The Information Technology Department shall review on at least an annual basis the information security systems in use within the School District to ensure that school district records are protected from loss, theft and unauthorized access, use or disclosure.
- The Manager at each Workplace shall review this Procedure with all members of Staff at the commencement of each school year.

D. **Physical Records**

- Consideration should be given to whether copies rather than original records should be used if they are to be removed from the Workplace.
- Records removed from the Worksite should remain in the possession of the Staff member with
 the care and control of them, and should not be left unattended in a public location (including a
 parked vehicle). When not in the actual possession of the Staff member, they should be
 maintained in a secure location (e.g. a locked office or drawer within the Staff member's home
 with limited access by persons other than the Staff member).
- It is important that Staff members are conscious of any physical Records that they remove from the Workplace, and ensure that they are returned to the Workplace in a timely way.
- Upon returning to the office, Staff shall return original records to their original storage place as soon as possible and destroy copies securely.

E. <u>Mobile Storage Devices</u>

- All Staff should be conscious that Mobile Storage Devices can be easily lost, stolen or misplaced.
 The storage of school district records on such devices therefore gives rise to an increased risk of harm and unauthorized access to Confidential and/or Personal Information.
- Mobile Storage Devices must be kept physically secure at all times, including by ensuring they are never left unattended in public locations (including a parked vehicle).
- Mobile Storage Devices should ordinarily be kept in the physical possession of the Staff member having their care and control, and when not directly in that person's possession, should be stored in a secure location (e.g. locked office or drawer in the Staff member's home) access to which is limited to the Staff member.
- All Mobile Storage Devices that are used to store school district records, including laptops, flash
 drives, external hard drives, smart phones and other such technologies, must be protected at all
 times through the use of a secure password and, where possible, through the use of encryption.

- Mobile Storage Devices containing school district records should not be shared with others, including family members or friends.
- All files containing Confidential and/or Personal Information that are saved to a Mobile Storage Device must be encrypted.
- Files containing Sensitive Personal Information should not be saved to a Mobile Storage Device
 except as necessary to fulfill a specific identified purpose, and should be permanently deleted
 from the Mobile Storage Device once that purpose has been satisfied.
- Staff are expected to refrain generally from viewing Confidential and/or Personal Information on a Mobile Storage Device within public places, but if it is necessary to do so, Staff should ensure that the information cannot be viewed by unauthorized parties by taking appropriate precautions.

F. Remote Access to Systems and Email

- Staff may not use personal email accounts as a means of transferring school district records containing Confidential and/or Personal Information.
- Where Personal Information is transferred by facsimile, Staff members shall ensure that any
 facsimile machine used to transmit the information is not in a public place and that access to it
 is limited. In the event that non-School District personnel have access to such machines, the
 Staff member shall ensure that any images of the documents transmitted that may be stored by
 the machine are permanently and securely destroyed.
- The School District maintains Systems through which Staff may be granted access privileges permitting remote access to school district records. All Staff members with such privileges shall comply with the directives issued from time to time by the Information Technology Department concerning securely accessing and using the Systems.
- Staff wishing to utilize school district Systems at home should only do so using secure devices issued by the Information Technology Department.
- At a minimum Staff members using the Systems, shall ensure that they:
 - o log off the Systems or shut down computers when not in use;
 - o follow the Information Technology Department defined protocol(s) for accessing the school district Systems through unsecured WiFi networks;
 - o set an automatic logoff to run after a minimum period of idleness;
 - o do not share the password for the Systems with any other person, including coworkers.
- Staff members may not save any files containing school district collected Personal Information to their home or personal computers.

Trustee – Mike Murray Director of Instruction – Shannon Derinzy

PARTNER GROUPS

CUPE - Susanne Bonny, Karen Kuxhouse

DSAC -Courtney C, Josh N, Sangheta, Nicole Neggers, Steve Wiebe

DPAC - Kim Dumore

MRPVPA - Cathie Watkins

MRTA - Todd Patrick, George Serra

1. Call to Order

The meeting was called to order at 9:00 p.m. The Chairperson welcomed and thanked everyone for attending.

2. Approval of Agenda

The Chairperson asked if there were any items to be added to the agenda and was amended to include discussion regarding the school district budget and budget process for the upcoming year.

3. Student Involvement and Participation in School District Decision Making

The Superintendent asked participants to consider meaningful student involvement in decision making by answering three questions:

- a) List possible ways to include student voice in school district decision making
- b) List some positive results we can expect from more student involvement in school district decision making
- c) List some positive detractors frim involving students in school district decision making

Participants provided suggestions for ways to engage students. Suggestions included: online surveys, creating a "Student Portal" for DSAC to survey all students, use of TWITTER and Instagram, use of social media as a survey tool, school staff members designated to collect feedback from students, student forums.

It was noted that meaningful involvement takes time and requires that participants are informed before they are asked for an opinion. Participants cautioned that student voice must be representative and that student representatives need to consult with other students before participating in discussions as student representatives.

The participants discussed the need for further discussions regarding Board topics that students would be interested in. It was noted that it is important to have authentic student involvement in decision making.

It was noted that the role of student trustee must be clearly defined and that effective representation of school district students is required.

Student Trustee Presentation by DSAC Students

DSAC students presented to the group their findings related to Student Trustees in other provinces and in other BC school districts.

In British Columbia there are currently two school districts with student trustees: Vancouver and Sunshine Coast. Student trustees attend committee meetings, public Board meetings and DSAC meetings. In both school districts students are elected to DSAC and DSAC elects the student trustee.

Based on the research conducted and discussions at DSAC table the students proposed that for the first year two grade 12 students share the role of student trustee in SD42.

The participants discussed the proposed student trustee proposal and were generally supportive of creating a clearly defined role for student voice in school district decision making. Questions were raised regarding democratic election of student representatives, continuity in the role and Grade 11 students were suggested as a better fit for the role. Participants cautioned against bringing children in the political arena and the conflict it creates with the Board policy of no political activity in schools.

The group was supportive of the idea of a student trustee with a clear definition of the role and structure.

It was suggested that student involvement could be explored first by bringing Board meetings to secondary schools and involving students in dialogue on specific governance topics. It was also suggested that DSAC review past Board agendas and advise the group on what some topics of interest would be for them.

It was suggested that the student trustee model be considered after some initial dialogue with students on specific topics is completed.

Student Forum - "Igniting Passion"

The Superintendent noted that the 2015/2016 Student Forum date has been set as January 27, 2016 (8:30 am – 3:00 pm) Swan-e-Set Golf Course. Attendance of approximately 250 is expected; six student reps from each school. Forum will be activity based and is expected to generate deep conversation about District priorities around learning.

4. Partner Group Engagement in the Process for Planning a New School
The Secretary Treasurer provided a brief overview of the Board approved recommendation
regarding school district Capital Plan priorities for Future School, public feedback collected
regarding education programs and community services in new schools and the concept of
Neighbourhood Learning Centres. Participants were asked how they would like to be involved in

the new school design process.

All participant expressed interest in being involved in the school design process. It was suggested that public meeting be hosted at Albion Elementary school and that students currently attending Albion Elementary be specifically engaged in the process.

5. Framework for Learning Update

The Superintendent presented to the group the Draft BC's Framework For Enhancing Student Learning and participants were invited to discuss the involvement from the Partner Groups in the process. This item will be brought back for further discussion at a future meeting.

6. <u>District Budget and Budget Process</u>

The Secretary Treasurer advised that the two year plan adopted by the Board in May 2015 will form the basis for the 2016/2017 budget process. It is expected that the 2016/17 budget process will be similar to the process followed in previous years.

The Secretary Treasurer advised that all partner groups will be invited to the January 20, 2016 Budget Committee of the Whole meeting to provide Budget Implementation feedback.

The meeting adjourned at 10:30 a.m.

The next meeting of the Roundtable is scheduled for February 10, 2016 at 9 a.m.

25.	Free Ferry Travel for Students when Travelling for School Based Activities	South Coast Branch	This motion was brought forth by the South Coast Branch at AGM 2010. Since that time, there has been some movement by the Ministry of Transportation to rearrange the fee schedule on select routes to subsidize student travel. However, the revised fee schedule is not equitable to all school districts. For example, all SD46 (Sunshine Coast) students are able to travel free of charge for school events using a voucher system which has now been extended to all non-school sports teams (e.g. hockey and soccer teams that travel to the Lower Mainland for games). In contrast, SD47 (Powell River) students are still charged for travel to Vancouver Island, which is SD47's zone for BC School Sports.	Letter to Ministry of Transportation and Infrastructure	Response from Ministry of Transportation and Infrastructure
L26.	Aboriginal Support Spaces in Public Schools	Aboriginal Education Committee	That BCSTA advocate that the Ministry of Education include and fund a separate space function, in addition to the current Special Education allocation, for Aboriginal support within the area allowances for schools and amend the Area Standards accordingly.	Letter to Ministry of Education Letter to FNESC	Meeting with Deputy Minister as well as MOE finance and capital construction staff to discuss revision of capital construction parameters.
L27.	Provincial School Completion Rates	SD 74 (Gold Trail)	That BCSTA request the Ministry of Education review and revise the current school completion distribution of data process, so that school completion data is not publicly released until the school district has the opportunity to review and validate the data.	Letter to Ministry of Education	Discussion with Deputy Minister and MOE staff.
L28.	Excluded Staff Compensation Freeze	SD 73 (Kamloops/Thompson)	That BCSTA urge the Ministry of Finance to lift the excluded staff salary compensation freeze and fully fund any and all compensation increases.	Letter to Ministry of Finance	Meetings with PSEC, BCPSEA, Minister of Education, MOE staff and partner groups.

					PC Issues Forum with BCPSEA in attendance.
L29.	Review and Alteration of Bill 11	BCSTA Board of Directors	That BCSTA demand an immediate review of the intent of Bill 11 legislation and an opportunity to recommend amendments prior to final adoption as well as the formation of a management partners' working group to participate in the development of any subsequent process or resulting regulations.	Letter to Ministry of Education	Legislation was passed without amendment but MOE committed to full BCSTA participation in the creation and application of any resulting policy and regulations. Ongoing BCSTA participation on working group to create new Accountability Framework for school districts.
L30.	Bill 11 – Education Statutes Amendment Act, 2015	Fraser Valley Branch	That BCSTA demand the Government of BC immediately withdraw the sections of Bill 11 that override the authority of democratically-elected Boards of Education. Specifically where Bill 11 adds new provisions which broaden the Minister's authority to issue administrative directives, where Bill 11 would amend the special advisor provision and where shared service providers are designated by the Minister of Education.	Letter to Ministry of Education	Legislation was passed without amendment but MOE committed to full BCSTA participation in the creation and application of any resulting policy and regulations.
L31.	Bill 11 – Erosion of Board Autonomy	SD 46 (Sunshine Coast)	That BCSTA publicly advocate strongly against the erosion of local Board of Education autonomy in Bill 11.	Letter to Ministry of Education	Legislation was passed without amendment but MOE committed to full BCSTA participation in the creation and application of any resulting policy and regulations. Ongoing BCSTA participation on working group to create new Accountability Framework for school districts as well as other anticipated working groups.

L32.	The BC School Act and How it Reflects the BC Education Plan	VISTA Branch	That BCSTA strongly urge the Ministry of Education to work with BCSTA, as co-governors, and other relevant stakeholders and rights holders to address the changes to the School Act that would support individual school boards to meet the changing and challenging needs of 21st Century learning.	Letter to Ministry of Education	MOE has committed to full BCSTA participation in the creation and application of any resulting policy and regulations. Ongoing BCSTA participation on working group to create new Accountability Framework for school districts as well as other anticipated working groups. BCSTA participation in AGPA. Quarterly meetings of BCSTA executive and MOE staff to discuss all new initiatives and program changes. Annual liaison meetings of MOE-BCSTA with all board chairs, superintendents and secretary-treasurers.

BCSTA BOARD OF DIRECTORS MEETING HIGHLIGHTS THE UNOFFICIAL RECORD | OCTOBER 23, 2015

HIGHLIGHTS

On Friday, October 23, 2015, the BCSTA board of directors met in person at the Wosk Centre in Vancouver.

ACTION/DISCUSSION ITEMS

Ministry of Health Draft Policy Directions Paper: Establishing a System of Care for People Experiencing Mental Health and Substance Use Issues, October 8, 2015

The Board of Directors discussed a Ministry of Health draft policy directions paper on mental health. They noted that the draft paper does not address student mental health and schools, so the board will share its feedback with the Ministry of Health and offer their suggestions for strategies to include students and youth in this policy. They will work with other provincial mental health partners to explore the resources that exist for students and to assist them in making recommendations to the Ministry of Health.

Service Delivery Project Steering Committee – Phase 2

BCSTA is now a part of the Ministry of Education's Service Delivery Project Steering Committee, with Vice President Gordon Swan serving as our representative. During the meeting, Gordon shared the terms of reference document with the BCSTA board of directors. He will keep the board apprised of any new developments from the Steering Committee.

BCTF- Addressing youth mental health issues in BC's K-12 public schools

BCSTA recently received a letter from BCTF President Jim Iker, sharing their brief to the Select Standing Committee on Children and Youth. Their brief laid out six recommendations to the Committee regarding improving the conditions in BC public schools. As part of our strategic plan, BCSTA has been working on strengthening ties with our provincial education partners. Based on that, the board set direction to reach out to

the BCTF and to the Ministry of Education to explore options for working together and supporting student mental health.

Schools Protection Program Advisory Committee

On November 3, the Schools Protection Program Advisory Committee will meet. BCSTA and various partner groups in education are represented on the Committee, with BCSTA's representative being Legal Counsel Audrey Ackah. The Committee meets annually and provides partners with an opportunity to provide advice and opinions to Schools Protection Program (SPP) regarding the program. In addition, during these meetings, SPP provides Advisory Committee members with updates on the SPP. For more information about SPP, please visit their website.

CSBA request for Aboriginal Education representative

At a recent CSBA meeting, there was a request made for an Aboriginal Education representative from each provincial member association. The BCSTA board carried a motion for the BCSTA Aboriginal Education Committee Board representative—currently Donna Sargent—to serve on CSBA's Aboriginal Education working group.

REPORTS

President's report

President Teresa Rezansoff discussed the monthly call with Deputy Minister Dave Byng. BCSTA raised the issue of leadership capacity in the K-12 sector and the need for strategies to support senior educational leadership development. They also talked about the Ministry of Education data breach involving student information. The ministry is approaching the issue on three fronts: containment, remediation and prevention.

There was a commitment between the Deputy Minister and BCSTA to proactively address and develop strategies for any recommendations contained in the Ernst and Young report on VBE with provincial implications for Boards of Education. MyEDBC was discussed; the old BCeSIS will be officially retired in in April 2016, and there are currently 500,000 students in the system now, with a further 100,000 to come. The Ministry provided updates on the Physical Restraint and Seclusion Guidelines, the Graduation Learning Years program, The Framework for Enhancing student learning, and the Capital program (which was also covered at the first Annual Education Liaison meeting on Oct 21).

CEO's report

CEO Mike Roberts reiterated the services that BCSTA can provide to member boards and branch associations. He shared the example of work that we are currently completing for a board of education, where we are collecting and reviewing data as part of an administrative review. This service, among others, is a feature of BCSTA member benefits.

Strategic plan update

The board reviewed our updated strategic plan, which will be shared with all provincial councillors. Progress continues and we will be updating the document on a regular basis.

STANDING COMMITTEE REPORTS

Education Committee

The Education Committee met on October 23 and had a joint breakfast meeting with the Aboriginal Education Committee, where they discussed the orange shirt initiative which honours those who were affected by residential schools. The new chair of the

Education committee, Carolyn Broady from SD45, led the Committee in a review of the role of the Education Committee and connected their work to the broader strategic plan of the Association. The committee discussed the trustee learning recognition program once again. Representatives will go back to their branches to garner feedback on the program, and will bring their feedback to the February meeting of the committee. The committee will then develop recommendations on a trustee learning recognition program for consideration by the board of directors.

Aboriginal Education Committee

The Aboriginal Education Committee met on October 23. They shared a poster from the Truth and Reconciliation Commission which lays out several recommendations related to education, and they would like to pull out some of the items for discussion among the committee members. During their meeting they had a presentation about Aboriginal employment equity agreements/programs. The committee also requested consideration of a session on this topic at AGM 2016. They will be putting a motion forward to AGM 2106 that deals with First Nations language teacher certification. The committee also discussed the recent Ministry of Education focus on Aboriginal Education, and would like the Board of Directors to consider sending a letter to the Ministry thanking them for this.

Legislative Committee

The Legislative Committee met by phone and Blackboard Collaborate on September 28, 2015 to review Provincial Council motions. The Committee reviewed 7 motions and determined that 6 motions are emergent. The Committee considered the AGM motion submission timelines and the AGM business session schedule.

BCSTA PROVINCIAL COUNCIL: OCTOBER 2015

SYNOPSIS

Introduction

The following is a summary of the October 23-24, 2015 Provincial Council meeting at the Morris J. Wosk Centre for Dialogue in Vancouver. Councillors passed four motions. The meeting agenda and Disposition of Motions are available online. For more information about any part of Synopsis, please contact CEO Mike Roberts at mroberts@bcsta.org.

Ministry of Education presentations

On Friday evening, both Minister of Education Mike Bernier and Deputy Minister of Education Dave Byng addressed our Provincial Councillors. Minister Bernier shared information about his recent visits to school districts across the province, noting that it was his goal to visit every district in his first year as Minister. Deputy Minister Byng presented a slideshow to trustees, which touched on several things, including key government and ministry priorities as well as key accomplishments of BC's public education system.

See the slides from the Deputy Minister's presentation.

President's report

BCSTA President Teresa Rezansoff addressed Provincial Councillors on the morning of Saturday, October 24. President Rezansoff highlighted the work of the Association since the last Provincial Council meeting in February 2015. She reported on several areas of progress in regard to the Co-governance Memorandum of Understanding (MOU), noting that there have been many productive and regularly-scheduled meetings with the Ministry of Education to help develop common goals. She stated that trustee input and concerns are having a real impact on decisions and programs, and that the MOU has strengthened our voice.

CEO's report

CEO Mike Roberts delivered his report to Provincial Councillors, and provided an overview of BCSTA's strategic plan progress over the past few months. He shared information on the elements of the strategic plan, including the timelines of 3, 6, 9, and 12 months, and discussed the ways in which the BCSTA board of directors and staff will accomplish the goals set out within those time frames. Mike also spoke about the many services that BCSTA can offer member boards, which include, board self-reviews and partner reviews, general legal advice and background information covering any number of district functions and issues, and professional development on a great variety of K-12 topics.

CSBA report

President Rezansoff provided her Canadian School Boards Association (CSBA) director's report, in which there was a summary of the CSBA activities since February. She mentioned that while most provincial associations are experiencing a renewed sense of engagement and support from government, the Quebec School Boards Association is currently struggling with the potential elimination of elected boards. She also noted that there have been extensive conversations about CSBA member fees, and that member associations will not support an increase in dues. Instead, they have entered into discussions about strategies that will help manage costs going forward, while maintaining—and hopefully increasing—value for membership to provincial associations.

Legislative Committee report

According to BCSTA Bylaws, the role of the Legislative Committee is to "examine, correlate, amend, reject, and report on motions." Additionally, for Provincial Council meetings the Legislative Committee is required to determine whether the motions are of an emergent nature, where emergent is defined as "matters that if delayed until the AGM will impact negatively on Boards' ability to influence public policy or a public education issue."

The Legislative Committee does not assess the merits of the motions that are submitted to Provincial Council.

For this Provincial Council meeting, BCSTA received seven motions by the motion submission deadline. The Legislative Committee determined that six of the motions were emergent in nature and one motion was not emergent. The Legislative Committee has, therefore, approved for debate by Provincial Council motions 9.1 through 9.6 which appear in the agenda package.

Education Committee report

The Education Committee met on Friday, October 23. They had a full agenda, and began by discussing the activities that have taken place since they last reported to Provincial Council in February 2015. Highlights of their meeting include an exploration of the Trustee Learning Recognition plan. The committee members will ask for feedback from their respective branches in the coming weeks, and will bring this input to their February 2016 meeting. They also talked at length about the upcoming Trustee Academy, which takes place November 26-28.

Aboriginal Education Committee report

The Aboriginal Education Committee met on Friday, October 23. They discussed many issues, including the Aboriginal Employment Equity Agreement, and the Human Rights Exemption. This is an exemption to permit the preferential hiring of an employee with aboriginal ancestry. At present, a minority of Districts have such policies in effect. The committee would like to have this featured as a Pro-D item at the next AGM.

Finance Committee report

The members of the Finance Committee discussed a number of factors likely to impact BCSTA's 2016/2017 operating budget, such as student enrollment, inflationary pressures, a one per cent staff salary grid increase to be applied on July 1, 2016, and BCSTA's Conference within a Conference to be held in conjunction with the December 2016 Learning Forward Conference. The Finance Committee asked the October 2015 Provincial Council for feedback to assist with the development of the draft budget, which will be forwarded to the February 2016 Provincial Council for feedback and receipt. BCSTA's 2016/2107 Budget will ultimately be adopted by the April 2016 Provincial Council.

Disposition of Motions

The following motions were carried:

- 9.1 Safe Stop Program- School District 60
- 9.5 Executive compensation
- 9.6 Principal and Vice-Principal compensation
- 10.1 Funding for executive and management staff compensation

See the full Disposition of Motions.

All Board Chairs:

On July 10, 2015, a letter was sent to board chairs regarding the Ministry of Education's and the BC School Trustees Association's (BCSTA) shared interest with a focus on improving the quality of the BC public K–12 education system. As a continued commitment to this important partnership, executive members from each organization gathered on September 29th, to discuss a number of important education topics, such as financial management/reporting, trustee professional development and curriculum implementation.

This meeting also provided an opportunity to review the work that has been accomplished by our two organizations over the past few months. In our last meeting in June, we established four joint strategic priorities and we now have many examples to share that demonstrate the progress we have made towards achieving these priorities.

To demonstrate progress, our four joint priorities are listed below along with several examples of what has been completed, or is currently underway.

- 1. Recognize and showcase the remarkable contributions of BC teachers in bringing world class innovation to our schools.
 - The Innovation Partnership Program was launched in January 2015, to explore new programs and practices to help students and teachers succeed. To date, 17 projects across the province have been recently announced, https://news.gov.bc.ca/releases/2015EDUC0068-001704.
 - *The Education Leader* publication by BCSTA has been revitalized, including stories on teacher success, http://www.bcsta.org/content/education-leader.
 - Celebrations and explanations of successful programs have increased at all BCSTA provincial and branch meetings.
- 2. Acknowledge that both organizations are jointly accountable for the efficient and effective delivery of education and are committed to working together to ensure the best possible outcomes for students.
 - All partners in the sector joined together on September 28, 2015, to announce the K-12 curriculum supports program. This program provides teachers the support they need to implement the new curriculum.
 - The focus on learning and the new K-12 curriculum will be a substantial theme for BCSTA's Academy in November, with presentations from the Ministry.

.../2

- BCSTA membership and significant involvement in the development of the new Framework for Enhancing Student Learning working group.
- BCSTA membership at the K-12 Aboriginal Education Partners quarterly meetings.

3. Develop a standard financial management strategy to describe and report on school district financial health.

- At the October 21st Partner Liaison Meeting there was a presentation on financial accountability, as well as development on this topic.
- Ministry and BC Association of School Business Officials (BCASBO) staff are working to develop school district financial health indicators that are supported by the best practices and enhanced transparency.
- BCSTA public presentation to joint standing committee on finance and government services emphasizing the role of boards and BCSTA in efficient and effective financial management.

4. Clarify the respective roles and responsibilities of the Ministry of Education and Boards of Education.

- Established an Education Sector Calendar of key partner events https://etrak.bcsta.org/EduCal/.
- Inaugural Ministry of Education and BCSTA Liaison Meeting.
- Working towards co-developing and hosting BCSTA professional development sessions on governance.
- Continued joint executive meetings held quarterly between the Ministry of Education and BCSTA.

This list is by no means exhaustive; however, it showcases the work currently underway to improve the working relationship between our organizations with the ultimate goal of improving learning opportunities for BC students.

Over the past few months, our two organizations have accomplished a great deal in an effort to fulfill our joint commitments within the Memorandum of Understanding (MOU) and the four strategic priorities established at our executive meeting in June. As always, more can be done, and will be done, as we continue to build on our firm commitment to continually improve BC's world class education system on behalf of all students in the province. Attached you will find our work-plan for the next quarter.

Sincerely,

Dave Byng

Deputy Minister of Education
