

Step-by-Step iPad Setup Guide

Step 1: Power On Your iPad

- ✚ On the first screen, select **English**.
- ✚ Select **Canada** as your **Country or Region**.
- ✚ Select **Default** as the **Appearance**, then click **Continue**.
- ✚ Next, select **Set Up Without Another Device**.
- ✚ For the **Wi-Fi Network**, select **SD42 BYOD** and enter the password **Refresh2026!**
- ✚ On the **Device Management** screen, select **Enroll This iPad**.
- ✚ Click **Continue** to allow your iPad to update automatically.
- ✚ On the **Multitasking & Windowing** screen, select your preferred way to work with more than one app at the same time.

Step 2: Connect to Enterprise Network

- ✚ Go to **Settings**.
- ✚ Tap **Wi-Fi**.
- ✚ Select **SD42 Enterprise** from the list of networks.
